25	John Voorhees Harmon	David Voorhees and Julia Mar- garet Bay
30	Peter Matthew Barkan	Mel Alan and Hope Suzanne Diamond

## Marriages Recorded in Weston for 1970

### JANUARY

- 3 Anthony Davis Lee of San Francisco, California, and Marjorie Joan Price of Weston
- 10 David Hazen Roche of Milton and Cynthia Rae Eaton of Weston
- 17 Tyler William Black of Leominster and Linda Jane Dean of Weston
- 17 Charles Elwood Carlson of Genoa, Illinois, and Joan Gardiner Alcaide of Weston
- 24 Lawrence Steven Silverman of Merrimack, New Hampshire, and Wendy Lee Brownell of Weston
- 25 Kenneth Harold McRae of Weston and Marion Elizabeth Bova of Natick
- 31 Richard H. Bowen of Southborough and Kathleen G. Horgan of New York City, New York
- 31 Mark Stephen Sawyer of Weston and Charlene Marie Ferro of Weston
- 31 David Tatlock of Cambridge and Elizabeth Jenks Saunier of Plainfield, New Jersey

### FEBRUARY

- 7 Richard John White, Jr., of Weston and Helen Anne Swanson of East Walpole
- 8 Thomas Henry Bleasdale, III, of Weston, and Linda Marie Clegg of Wellesley Hills
- 14 Russell Stone Green of Weston and Deborah Hastings of Weston
- 14 James Edmund Fitzgerald of Weston and Frances Seymour Whitehurst Hill of Weston
- 15 Preston Johnson, Jr., of Boston and Cheryl L. Addison of Boston
- 21 Carl William Clark of Weston and Anita Marjorie Stewart of Waltham
- 21 Nicholas Anthony Lupo, Jr. of Wellesley and Rosemary Christine Grasso of Waltham

### MARCH

- 2 Thomas Edward Wilson of Weston and Jean Becker Fay of Weston
- 6 Peter Stephen Warren of Medford and Patricia Anne Walsh of Weston
- 11 Kenneth Eliot Shapiro of Weston and Carmeline Marsha Holland of Winchester
- 21 Ross Eugene Church of Wellesley and Linda Mary Murphy of Waltham
- 28 Gregory Charles York of Lexington and Heather Elizabeth Wallace of Weston

### APRIL

- 4 Peter Edward Gardent of Weston and Ellen Marie Lomartire of Waltham

- 4 Ward Daniel Woolverton of Denver, Colorado, and Ruth Forsyth Maguire of Weston
- 5 Robert Frank Ferro of Weston and Eleanor Rita Roche of Waltham
- 11 Irwin Allen Berkowitz of Miami Beach, Florida, and Judith Marlene Saltzman of Brookline
- 11 William Lloyd Clifford of New York and Mona Koelb of Weston
- 12 Thomas Anthony DiBenedetto of Weston and Kathleen Marie Lennon of Newton
- 25 Wendell Anderson Berry, Jr., of Reading and Gail Gertrude Marie Devine of Weston
- 25 Paul Francis Kelleher of Waltham and Marilyn Ann Brown of Weston
- 26 Richard John Nocera of Weston and Sharon Rae Haskell of Waltham
- 26 Thomas Edward Russell of Weston and Pamela Ann Nolan of Brighton

#### MAY

- 2 Kenneth Adolph Strom of Weston and Bernice Arena Ross Whiting of Framingham
- 10 Ronald Henry Hoelzer of Natick and Ingrid Heidi Maria Blumrich of Natick
- 10 Richard Tobias Kendall of Weston and Nancy Fae Field of Newburyport
- 14 Thomas Winters Redden of Weston and Heather Ann Leland of Manchester, New Hampshire
- 15 Richard Edwin Merrill of Plainfield, Vermont, and Carol Linda Cribben of Weston
- 16 Timothy Herbert Smith of Doylestown, Pennsylvania, and Sue Anne Hosterman of Weston
- 16 Peter Nathan Stone of Boston and Thalia Perrin of Weston
- 23 George Thomas Aydelotte of New York, New York, and Dana Lombard of New York, New York
- 23 Robert Allan Goldkamp of Weston and Stephanie Marie Rizzo of Weston
- 23 Alan Packard Murphy of Chelmsford and Janice Margaret Tittley of Weston
- 23 Frederick James White of Weston and Carol Ann Preston of Winchester
- 30 Frederick Morgan Berthrong of Stonington, Connecticut, and Candace Buttrick Howes of Weston
- 30 Elliott Hastings Johnson of Weston and Nancy Chamberlin Neill of Winchester
- 30 David Moulton Kellogg, IV, of Boston and Jane Morgan Birchard of Cambridge
- 31 Bruce Herbert Schneider of Pine Brook, New Jersey, and Leslie Ann Feldman of Newton

## JUNE

- 5 David Barton Leach of Weston and Linda Jane Millette of Grafton
- 6 Joseph Manton Bradley, Jr., of Boston and Laurecy Fiaschetti  
Cameron of Edinburgh, Scotland
- 6 David Glenn Farnsworth of Bountiful, Utah, and Mary Kathryn  
Murdock of Windham, New Hampshire
- 6 James Michael Flynn, III, of Weston and Beverly Jean Smith of  
Weston
- 6 Alfred Herman Gledhill, Jr., of Weston and Martha Wright of  
Watertown
- 6 Robert Charles Sanders of Anaconda, Montana, and Roberta  
Annette Dailey of Weston
- 7 Edward Elkin of Newburyport and Joan Singer of Boston
- 7 Stephen Harvey Gendreau of Weston and Mary Catherine Combs  
of Sudbury
- 13 Jimmie Don Dennis of Granada Hills, California, and Eileen  
Clare McCarthy of Glendale, California
- 13 George William McFarland of North Reading and Madeleine  
Bergier Atkins of Weston
- 13 Mark Jason Shovan of New London, New Hampshire, and Rebecca  
Cummings of Weston
- 13 Bruce Richard Stefany of Oreland, Pennsylvania, and Betsy Ab-  
bott of Weston
- 14 John Charles Warren of Natick and Diana Elizabeth Woodington  
of Lincoln
- 19 Michael Lowell Moser of Winchester and Deborah Tyler Link of  
Weston
- 19 Kenneth George Walker of Weston and Barbara Ann Goodless of  
Springfield
- 20 Reginald Thomas Archer of Portland, Maine, and Jo Dwight  
Wetmore of Weston
- 20 John Thomas Barrett, III, of Dover, New Hampshire, and Dian  
Helen Averbuck of Cambridge
- 20 William Griswold Burt, III, of Weston and Judith Louise Webber  
of Weston
- 20 Richard Bayldone Coakley of Weston and Elizabeth Anne Za-  
mecnik of Ipswich
- 20 Antony Demetre Decaneas of Weston and Nancy Hadfield Mac-  
laurin of Lincoln
- 20 John Joseph Egan of Fitchburg and Kathleen Anne Main of  
Fitchburg
- 20 Ian Hays Gardiner of Topsfield and Joanne Gardella of Weston
- 20 Brian Arthur MacPhee of Weston and Janice Evelyn Foran of  
Weston
- 20 Gary Edmund Travis of Marlboro and Leslie Roger Kilbourn of  
Waltham
- 20 Edward Kendall White, III, of Wayland and Susan Carol Ford of  
Weston

- 21 Cosmo Alfred Gilberti, III, of Waltham, and Therese Marie Tardif of Chelmsford
- 23 Vincent Joseph McCaughey of Warren and Jean Mariam Thomason of Weston
- 26 James Andrew Roy Wallace of Weston and Deborah Basha Monosson of Newton
- 27 Arnold Everett Amstutz of Cambridge and Margaret Louise Bryant of New York, New York
- 27 Norman Middleton Appleyard, III, of Weston and Barbara Joyce Abbott of Weston

## JULY

- 3 Gerald Thomas Woods of East Hartford, Connecticut, and Mary Elizabeth Corliss of Wayland
- 11 Donald Bertram Pollock of Weston and Susanne Rose Lacroix of Fairview
- 18 Richard Moore Greenwood of Weston and Sandra Pia Ruisi of Glen Way, Watch Hill, Rhode Island
- 19 James Joseph McShane of Weston and Pauline Mary Toomey of Boston
- 19 James Alfred Poole of Arlington and Cheryl Eden Buck of Waltham
- 23 John Alexander Heidt of Weston and Gail Hubbard Leatherbee of Weston
- 25 Alan Francis Dowling, Jr., of Shelter Island Heights, New York, and Nancy Carolyn Wilcox of Arlington
- 25 Rex Jackson Snodgrass of Rockville, Connecticut, and Denise DeLeeuw of Bloomfield, Connecticut

## AUGUST

- 8 William John Rankin of Fairhaven and Carol Anne McFarlin of Weston
- 8 John Joseph Sullivan of Weston and Margot Mae Timson of Needham
- 15 John Edward Hallgren of Orchard Lake, Michigan, and Geraldine Zorn of Weston
- 16 Clarence George Olson of Waltham and Susan Elizabeth Pinkham (Page) of Waltham
- 18 Marcel John Arsenault of Boulder, Colorado, and Molly Lee Osborne of Weston
- 20 William Henry Rose of Newton and Jill Ilene Coven of Newton
- 22 Ronald Ellis Gray of Weston and Jacquelyn Gayle Farrell of Lincoln
- 23 Ronald Rubin of Weston and Susan Medoff of West Roxbury
- 28 Henry James Kennedy of Auburndale and Christina Freeman of Weston
- 29 Erik Christian Cain of Weston and Linda Hyjer of Weston
- 29 Peter John Allatt, Jr., of South Dartmouth and Louise Macy of Weston

- 29 Robert Mark Kahn of Silver Spring, Maryland, and Beverly Louise Rich of Weston
- 30 Kenneth Anthony Esposito of Hamden, Connecticut, and Stephanie Nadine Lynch of Weston

#### SEPTEMBER

- 5 Harry Clement Crawford, Jr., of Sherborn and Carter Miller Bottjer of Weston
- 5 Eugene Stefan Jerzy Arpad Lysak of Watertown and Patricia Lucile Regua of Weston
- 5 James Michael Zemianek of Claremont, New Hampshire, and Diana Lee Bickford of Weston
- 12 Lawrence Howard Fuchs of Weston and Betty Ann Corcoran Hooven of Weston
- 12 Howard A. Hull of Boston and Joyce T. Christy of Lexington
- 13 Lawrence P. Bowen of Weston and Sharleen A. Erickson of Naugatuck, Conn.
- 19 Rolf Ivar Aamodt of Moss, Norway, and Ellen Ann Grimes of Waltham
- 19 Richard Bernard Bruso of Weston and Judith Ann Oliver of Sterling Junction
- 19 Gordon Elwood Halm, Jr., of Ballston Spa, New York, and Hope Wilkinson of Weston
- 20 Kenneth A. Wernick of Newton and Laura Ellen Gordon of Brookline
- 26 Edward Mazzuchelli, Jr., of Braintree and Carolyn Nichols (Nethercote) of Waltham
- 26 Thomas Edward Wolff of Weston and Courtney Whitmore Fawcett of Duxbury

#### OCTOBER

- 3 Joseph Philip Boudreau of Waltham and Janet Elaine Eldridge of Waltham
- 10 Thomas Sheridan Ganley of Lynnfield and Cecilia Ching-Ching Wang of Waltham
- 10 Richard C. Hartford of Woburn and Sandra C. Parkman of Lexington
- 10 Peter Gilbert Manson of Weston and Dorothy Janet Linz of Weston
- 10 David Breck Paddock of Wayland and Anita Sabatina Cetrone of Weston
- 10 David Alan Pirie of Manchester, Connecticut, and Carol Anne Landry of Weston
- 10 Anthony Peter Yeskis, Jr., of Brockton and Gail Foster Lloyd of Brockton
- 17 George James Saltz of Northport, New York, and Lee Carol Isenberg of Newton
- 22 Frank John Pavlica, Jr., of Stow and Lurena Arlene Upham of Weston
- 24 Stephen Edwin Kindelan, Jr., of Weston and Martha Curtiss Wypler of Weston

- 24 Waldon Charles Nason, Jr., of Everett and Sarah Maud Smith of Weston
- 24 Douglas Lloyd Vernon of Newton and Myra Sue Weisberg of Newton
- 28 Elmer Thomas Frasch, Jr., of Wellesley and Gayle Greenough Widger of Weston
- 31 Paul Winters Redden, III, of Weston and Anita Marie Roderick of N. Vassalboro, Maine
- 31 Andrew Kennedy Selden, II, of Brooklyn, New York, and Pamela Bartlett Hettrick of New York, New York

#### NOVEMBER

- 7 Rodney Maylon Fritz of Natick and Willena Leslie Jensen of Wayland
- 7 Russell Moore Hills, Jr., of Weston and Alexandra Miller Taylor of Weston
- 7 Richard James Rizzo, Jr., of Hudson and Bonny Lynn Theall of Weston
- 8 William Fleit of Boston and Linda H. Richardson of Boston
- 14 Gregory Rennie LaTucky of Weston and Deborah Eldridge of Beverly
- 21 Walter W. Luke of Boston and Alice L. Goddard of Lincoln
- 28 John Stewart MacDonald Davies of Weston and Evelyn Sue Harrison of Weston
- 29 David Neil Helgeson of Weston and Michele Anne Zirpolo of Weston

#### DECEMBER

- 4 Lawrence S. Locke of Boston and Maryel Finney Hartung of Weston
- 4 John Colton Wells, Jr., of Waltham and Judith Bucknam Russell of Weston
- 5 Roy A. Lafond of Dracut and Linda S. Dow of Billerica
- 6 Dane Gardner of North Reading and Pamela Pierce Sawyer of Weston
- 12 Stephen Harrington Brooks of Weston and Virginia Woodworth of Newton
- 17 Thomas Lawrence Flynn of Cambridge and Elizabeth Dana Smith of Cambridge
- 19 Daniel John Campobasso, Jr., of Arlington and Rose Patricia Smith of Weston
- 19 Frederik Oellgaard Crawford of Sherborn and Claudia Leslie Daub of Westport, Connecticut
- 20 Thomas Matthew Jacobs of Weston and Helen Carney Winsor of Weston
- 20 Francis Richard McCarron of Auburndale and Sandra Wells Ryder of Weston
- 23 Richard H. Rosen of Cambridge and Marguerite A. Piret of Cambridge
- 28 Edward Henry Earnshaw, Jr., of Chatham and Gladys Ross Elliot of Weston

## Deaths Recorded in Weston for 1970

## REPORT OF THE BOARD OF REGISTRARS OF VOTERS

On December 31, 1970, there were 5,600 registered voters in the Town of Weston. New registrants numbered 754; of these, 19 were 18-year-olds. There were 488 persons dropped from the voting register in 1970. The party and precinct alignments for 1970 are as follows:

	Precinct 1	Precinct 2	Totals
Republicans	1108	1326	2434
Democrats	553	689	1242
Unenrolled	816	1108	1924
	<hr/>	<hr/>	
	2477	3123	5600

## REPORT OF THE PLANNING BOARD

During the year 1970, the Weston Planning Board held 39 regular meetings, one public hearing respecting a proposed subdivision, and one public hearing concerning the road layout on the Willis property. One subdivision containing 16 lots and 1750 feet of road was approved during the year, comprising Laxfield Road. Twenty-two plans, including those which created 5 new lots, were considered and endorsed "approval under the subdivision control law not required".

The foregoing statistics indicate a slowdown in development of land in Weston in 1970 compared to 1969, probably caused by the generally adverse economic conditions during 1970. This slowdown in activity has permitted the Planning Board to devote more of its time to long-range considerations.

One of these matters is the rewriting of the Planning Board's "Subdivision Rules and Regulations" which are used by developers as guidance in their activities. These rules have not been amended since January, 1959. Many changes in the character of the town, as well as working experience with the old "Rules and Regulations," require that these be up-dated so that future developments will be compatible with the desires of most residents of the town. There will be a public hearing prior to the adoption of these rules and regulations.

Another matter of high priority that has been of concern for many years, but has taken on a more critical aspect because of increasing traffic problems, is the development of the center of Weston. A major step forward has been made by the town's acquisition of the 150 foot strip of land parallel to the By-Pass. The Board is currently considering recommendations along the following lines:

1. Improvement of the intersection of Center Street with Boston Post Road.
2. Extension southward of Center Street and provision for off-street parking.
3. Installation of parking meters along Boston Post Road with parallel parking only.
4. Acquisition by the town of additional land north of the By-Pass, east of Colpitts Road, south of the Boston Post Road and west of Center Street for possible future town use.
5. Amendment of the Zoning By-Law to require site plan approval and to increase the ratio of required parking spaces.

The continued development of plans for garden type apartments on the Willis property that was rezoned for multiple housing by Town Meeting has also occupied the Planning Board's attention. The layout of the road and provision for proper drainage have been the principal items considered.

Perhaps the most important matter considered by the Planning Board during 1970 was the announced intention of Weston College

to sell its property. Since this property represents one of the largest parcels of land in private hands in Weston, the Planning Board decided to appoint a special committee of Weston citizens, chaired by Kenneth Germeshausen, to recommend priorities for the use of this property. With the aid of this committee, the Planning Board has recommended the acquisition by the town of a substantial portion of this land for recreation, conservation and other town uses.

The Planning Board has continued its close liaison with the Metropolitan Area Planning Council and with the Selectmen's Committee on the Safety and Flow of Traffic by having a member of the Planning Board as a regular member of each of these groups.

As in the past, the Board has reviewed petitions presented to the Board of Appeals for variances. On occasion the Board has been represented at various hearings and has submitted its recommendations to the Board of Appeals.

The Board wishes to take this opportunity to recognize the contributions made by Kenneth B. Oates, Town Engineer, to the efficient and orderly operations of the Planning Board, and to thank those citizens of the town who have attended public hearings and contributed their suggestions to the Board on various matters.

## **REPORT OF THE TOWN BUILDING COMMITTEE**

The newly formed Town Building Committee had its organizational meeting in September, 1970. Nelson S. Howlett was elected Chairman, and Halcott Grant was elected Secretary.

The first tasks assigned to the Committee were construction of a garage for the maintenance of the town's school buses, and a garage for vehicles of the Park and Cemetery Department. During the fall, the Committee met with various officials of the School Department, the Park and Cemetery Department and other town officials, in order to determine the requirements for the two buildings and the most feasible locations for them. After consideration of a number of possible sites the Committee decided to construct the school bus maintenance facility on vacant School Department land between the Junior High School parking lot and the Turnpike, adjacent to the sewage treatment plant. While clearing and paving of a parking area will be required, the site will present sufficient other advantages to make it more feasible than any other area considered. In addition, it was decided to provide for the Park and Cemetery Department vehicles by constructing an additional two bays on the east end of the present town garage.

The Committee has engaged an architect, who is preparing plans for the two buildings.

## REPORT OF THE TOWN ENGINEER

The activities of the Town Engineer for the year 1970 may be summarized as follows:

**Board of Selectmen.** Conferred with the Town Counsel and met jointly with the Board of Selectmen and the Planning Board in matters concerning Weston College. Reviewed plans and attended the public hearing on the proposed public way on the Willis property. Reviewed plans and attended the public hearing held in compliance with the provisions of the Hatch Act on the Gordon property on North Avenue. Prepared the layout plans and descriptions for the acceptance as public ways of Gail Road, Wood Ridge Road and Wood Ridge Circle and for the alteration of a portion of Brown Street. Perambulated the town boundaries of Waltham, Lincoln, Wayland, and Natick with the members of the Board of Selectmen and representatives of the neighboring communities.

**Planning Board.** Attended 39 regular meetings of the Planning Board, one public hearing respecting a proposed subdivision, and one public hearing held jointly with the Board of Selectmen concerning the road layout on the Willis property on Concord Road. Made on-site examinations of the progress and conditions of several subdivisions under construction in the town. Reviewed the plans and made field inspections of the proposed subdivision of the Kesinger property and the Willis property. Prepared several plans and studies and made field examinations of the Weston College property for the Board. Prepared preliminary sketches relating to the town center.

**Board of Water Commissioners.** Attended all regular monthly meetings of the Board. Prepared plans, specifications, and contracts for materials and installation of water mains in Wellesley Street, Highland Street, Greenridge Road, Terrace Road, and Walnut Road which represented an addition of over 2.5 miles to the town's water distribution system. Conferred at various other times with the Board and prepared investigative studies, reports, and recommendations to the Board concerning the problems of chloride contamination at the Nickerson Field well; the addition of increased pumping facilities at the M.D.C. Pumping Station; and the installation of fluoridation equipment as part of the town's distribution system. Conferred and worked very closely with the Superintendent of the Water Department on all matters pertaining to the water distribution system of the town.

**Highway Department.** Together with the Superintendent of Streets, investigated and corrected, where possible, drainage and other problems in many locations throughout the town. Coordinated the work of the Water Department and the Highway Department in the reconstruction of Highland Street. With the Superintendent, the Executive Secretary, the state engineers, and the contractor, made the final inspection upon completion of the reconstruction of Wellesley Street from South Avenue to Regis College.

**Sewer Study Committee.** Attended several meetings during 1970 and prepared reports for the Committee.

**Committee on Pedestrian and Vehicular Traffic.** Met at times with various members of the committee. Made investigative field trips in connection with certain traffic problem areas in the town. In cooperation with the Superintendent of Streets work was completed on the sidewalk on Wellesley Street from South Avenue to the entrance at the High School. Also work was begun on the construction of a sidewalk on Wellesley Street from Regis College to Chestnut Street.

**Recreation Commission.** Through the cooperation of the Highway Department, a driveway and parking area was planned and constructed at the playground beyond the end of Gail Road. Also for the Recreation Commission, with the cooperation of the Board of Water Commissioners, property lines were established at the town property at Foote's Pond on Warren Avenue in order that additional parking facilities may be constructed for the winter skating program.

**Board of Assessors.** Work was done throughout the year in bringing the Town Atlas up to date.

**Zoning.** The Zoning Map of the Town of Weston was brought up to date and reprinted showing all districts as of June 1, 1970.

**Miscellaneous.** Information was given to engineers, surveyors, architects, planners, attorneys, realtors, property owners, prospective property owners, consultants, students, state and federal officials, and representatives of public utilities on engineering matters relative to the Town of Weston.

## **REPORT OF THE COMMITTEE TO STUDY HOUSING NEEDS AND POSSIBILITIES**

This committee, created by a vote of the 1970 Annual Town Meeting, has concerned itself with the determination of needs regarding multiple housing in the Town of Weston.

A town-wide survey in June, 1970, with a 46% return indicated several facts that have proved helpful in determining specific needs. Extremely few rentals are available in Weston. This fact, coupled with the high cost of owning a home, with taxes and upkeep, create a pressing problem on those considering retirement and desiring to remain in Weston.

The problem is further complicated by the fact that very few persons live in town who fall into the category of low income, or even moderate income, by state and federal standards.

The Committee is now in the process of examining state and federal housing programs to determine those, if any, which best apply to our needs in Weston. The present consensus of opinion is that the establishment of a non-profit or limited dividend corporation is the best approach to the housing needs of the community. Suitable land available for multiple housing remains a critical issue and will receive greater attention by the Committee in the immediate future.

## REPORT OF THE CONSERVATION COMMISSION

The year 1970 has been an important year for the Town of Weston from the conservation point-of-view.

The Conservation Commission has been intermittently involved in promoting and aiding the attempt to purchase several large and important pieces of open undeveloped land. The most important and spectacular of these is the Weston College property which includes some 300 acres of forests and which possesses recreational facilities whose replacement value would be at least three quarters of a million dollars. These include tennis and handball courts, a swimming pool and skating facilities. We have been assured that a large portion of this purchase may be underwritten by the federal and state governments. We continue to pursue this matter and are confident that it will become an important item on the Town Warrant.

The Conservation Commission by statute is responsible for preventing the pollution of our watershed. The fact that Weston's water supply at Nickerson Field well is polluted by salt (chloride) is most distressing and must be corrected. During the past year, we met with the Selectmen, Water Commissioners, and Finance Committee and, with these partners, were able to hire Dr. Ronald McLaughlin of ENWATS, a noted hydrologist, to survey our problem and advise us. This report indicated the need for considerable additional work including borings to determine the precise source or sources of this pollution to our water supply. It also indicated the probable sources to be the network of roads surrounding the well site. The Water Department has met with representatives of the Massachusetts D.P.W. and the M.B.T.A. and has obtained promises of co-operation in the effort to rectify this pollution. They indicate action will take place this coming year. The Conservation Commission hopes these corrections will allow for the town water supply to be used again in 1971. However, we will continue to press for results in this case. It should be pointed out that the added water costs due to chloride pollution amount to thousands of dollars already spent by Weston, and many thousands more to be spent in the future if we do not settle this matter.

This committee is grateful for the co-operation it has received this past year from the Selectmen, Water Commission, Planning Board and Finance Committee. In addition, without the aid of Ward Carter, Executive Secretary, and Kenneth Oates, Town Engineer, our mission would have been most complicated.

## REPORT OF THE SELECTMEN'S COMMITTEE ON VEHICULAR AND PEDESTRIAN TRAFFIC

The Traffic Committee has met regularly during the past year to consider ways of meeting the town's traffic problems.

We regret the resignation of Donald C. Alcaide, in October, 1970. As an original member of the committee and its first chairman, he provided dedicated and active leadership for more than two years.

The Traffic Evaluation Study, commissioned for the town by the committee, was completed and published by the consultants, Wilbur Smith and Associates, in April, 1970. This study provides the Board of Selectmen with a working tool for short and long-range traffic planning based on present road and traffic conditions within the town, and an assessment of anticipated problems.

Wilbur Smith and Associates were again retained to study in detail the problem of north-south traffic in the town—and its associated traffic congestion in Weston Center. This study will recommend the most feasible route for a possible new north-south connecting road, so that, after due consideration, the route may be shown on the official town map, and the right-of-way acquired, against the day when the town may find it necessary to build such a road.

Wilbur Smith and Associates are also preparing a plan for improvement of the congested intersection of South Avenue and Wellesley Street, to be implemented by the Commonwealth under the Federal "TOPICS" program for improvements to existing roads.

A topographical survey of the part of Wellesley Street between Chestnut and Newton Streets will soon be completed, looking toward installation of a sidewalk or foot and bicycle path, and some improvement to this narrow, dangerous—and heavily travelled—section of roadway.

A foot and bicycle path along Conant Road, from Church Street to a point 800 feet beyond the railroad bridge—begun in 1969—was completed in May, 1970, contributing substantially to safety on this narrow road near the town center.

The Wellesley Street sidewalk was extended by the Highway Department from the southerly driveway of the High School to South Avenue, and from there to Regis College as part of the reconstruction of Wellesley Street. The Highway Department will build the next piece of this sidewalk—from Regis College to Chestnut Street—in early 1971, and we hope to have it continued to Newton and School Streets, as noted above, in the near future, thus providing safe foot and bicycle travel along this heavily travelled road between our two school areas.

Plans are under consideration for a sidewalk along South Avenue from Highland Street to Oak Street, as the next step in a program to provide safe walking and bicycling to and from the nearby schools and playing fields.

## REPORT OF THE HISTORICAL COMMISSION

The Weston Historical Commission was established in accordance with a vote of the Special Town Meeting on December 16, 1968 (article 4 of the warrant; see p. 194 of the Annual Report for 1968). It consists of five members serving staggered three-year terms.

During 1970 the Commission has been meeting every second Tuesday from January to June and from September to December. The Commission clarified in detail the policies and standards for the total inventory of the historical assets of the town, particularly of buildings and sites. For this purpose several forms were developed and a photographic survey has been launched. This entire project is being carried out in compliance with the rules and regulations of the Massachusetts Historical Commission and the National Register. Toward the end of the year 1970 the Historical Commission invited and received the cooperation of the membership of the Weston Historical Society; about two dozen volunteers from the Historical Society signed up to help out with the surveying of historically significant buildings, starting with those along the Boston Post Road.

# Protection of Persons and Property

## REPORT OF POLICE DEPARTMENT

In 1970 the Weston Police Department continued to carry out its established programs of traffic law enforcement, protection of persons and property, safety education and personnel training. Patrol coverage was expanded to cover new areas which were opened for development. The six department vehicles travelled a total of 332,770 miles in carrying out patrols and related police duties.

A number of formal and informal committees and organizations have been created for the purpose of seeking solutions to local and regional problems. Representatives from the Weston Police Department are a part of this effort, acting in the capacity of committee members or advisors in such matters as drug abuse control and education, traffic planning and pedestrian safety, family counselling and other mental health services, and youth advisory programs. In addition, the Department presented programs on such subjects as drug abuse, emergency first aid, bicycle safety and motor vehicle regulations to school and church groups and various other organizations in the town.

In the past few years several federal aid programs have been developed for the purpose of assisting law enforcement agencies in crime control efforts, upgrading police communications systems and improving highway safety. During 1970 the Police Department applied for and received 100% funding of a radar speed-measuring unit with two portable two-way radios, and 50% funding of police communications equipment to upgrade and expand our present outmoded and sometimes unreliable radio system. In addition, we have received funding for approximately 60% of the yearly operating cost of the state-wide police teleprocessing system of which we are a member. The total reimbursement to the town under these three grants will be approximately \$9,275.

Three fatal automobile accidents were recorded in 1970, all on Route 128. One occurred in April when the operator and lone occupant of the vehicle apparently lost control and struck a guard rail at the entrance to the Massachusetts Turnpike. In July an elderly pedestrian was killed when he apparently became lost or confused and attempted to cross the busy highway at night. In November a young woman received fatal injuries when the vehicle in which she was a passenger left the road and struck an outcropping of ledge near the Waltham line.

The south-bound lane of Route 128 in the vicinity of the Massachusetts Turnpike entrance continues to be the scene of many accidents and near accidents. Apparently many unwary or inattentive drivers do not notice the direction signs until the Turnpike entrance, which is narrow and screened by a curve in the roadway, suddenly appears a short distance away. They then make extreme changes of

speed and direction in an effort to maneuver across several lanes of through traffic to reach the Turnpike ramp, creating an extremely serious accident potential. The Massachusetts Department of Public Works and the Massachusetts Turnpike Authority have been contacted concerning this problem. As a result, the Massachusettts Department of Public Works has added signs and pavement markings in an effort to reduce confusion and has installed an inertial sand barrier (sand in plastic drums) at the ramp entrance designed to minimize accident damage and injuries. We have also been assured that more extensive corrective action will be taken when engineering studies are completed.

In June, Patrolman Joseph A. Vultaggio successfully completed the six-week training course required of all newly appointed police officers by statute. As in other years, Newton Police Chief William F. Quinn made the facilities of the Newton Police Academy available to us for this valuable training. During the year twelve officers attended college level courses in Law Enforcement and related fields for a total of more than 105 semester hours. Other officers attended specialized training schools in basic fingerprinting techniques, investigation of narcotic and harmful drug offenses, and general police procedures.

Construction of a new police station, which received initial town meeting approval over twenty-five years ago, has never materialized. The latest plan, a joint fire and police facility to be constructed on town-owned land at Wellesley Street and Route 20, has been on paper for more than four years. Further action depends on approval of a sewage system for the center of town, an issue which was still unresolved at the close of the year.

### 1970 Police Statistics

Abandoned cars .....	4
Ambulance calls .....	207
Automobile accidents reported .....	350
Properties reported damaged .....	524
Persons reported injured .....	155
Local (Weston) operators involved .....	178
Outside operators involved .....	424
Fatals .....	3
Auto thefts .....	6
Buildings broken into — dwellings .....	58
Other .....	8
Complaints and investigations .....	5363
Dog bites .....	45
Dog complaints .....	613
Dogs to pound .....	20
Houses reported vacant (checked by police) .....	2593
Larcenies reported .....	101
Resuscitator calls .....	20

Street lights reported out .....	320
Sudden deaths investigated .....	6
Suicide .....	3
Summonses served .....	276
Summonses returned without service .....	18
Value of property reported stolen .....	\$82,514.67
Value of property recovered .....	\$10,970.00
Value of property recovered for outside departments .....	\$17,587.00
Violations reported to the Registry of Motor Vehicles .....	484
Total miles traveled by department vehicles .....	332,770

#### Automobile law violations:

Attaching improper plates .....	2
Crossing over solid yellow line .....	1
Failing to display inspection sticker .....	42
Failing to keep right .....	130
Failing to keep within marked lanes .....	3
Failing to slow at intersection .....	1
Failing to wear protective headgear .....	2
Following too closely .....	1

## REPORT OF THE WIRE INSPECTOR

Number of Permits Issued	374
Fees Collected	\$4,141.50

## REPORT OF THE INSPECTOR OF GAS PIPING AND APPLIANCES

At the end of this year, 155 permits had been issued for a total of 282 appliances. Fees amounting to \$1,334.00 were collected, and the money was paid to the Town Treasurer.

## REPORT OF THE INSPECTOR OF PLUMBING

Of the 154 plumbing permits issued in the year 1970, 56 applied to new work while the remaining 98 applied to alterations. The sum of \$996.50 was collected in fees and the money paid to the Town Treasurer,

## REPORT OF THE FIRE DEPARTMENT

Brush and grass fires have not been as numerous as usual. The weather has been a factor, but also judging by the reduction in fire permits issued, citizens are more conscious of air pollution and are thus doing less outside burning. The state Board of Health has set July 1, 1971 as the termination date of Weston's one year exemption from the ban on burning. The fire department will not be allowed to issue permits after this date, and to the best of our knowledge this will include all outside incinerators. The state Board of Health is in the process of approving certain types of inside incinerators and information on this, or the subject in general, will be given out as soon as it is received.

The department continues to serve the citizens in many ways other than just firefighting. We are equipped, trained and willing to handle any situations that can be properly assigned to the fire department. Please do not hesitate to call 893-2323 for assistance.

It is impossible to maintain the same level of service without a budget increase. The cost of all items purchased and services required has increased. Deferred maintenance on the headquarters building is still the practice, but some repairs have become urgent and are thus reflected in a budget increase.

Unfortunately, another year has passed with no action on the proposed replacement for the very inadequate fire headquarters building. The Chief has recommended in his long-range planning report that this replacement be given immediate attention.

### FIRE PREVENTION

In addition to the fire drills at the schools and colleges, training sessions in fire protection and the use of fire extinguishers were given to certain student groups at Regis College and the High School. School bus drivers were also given training in the use of fire extinguishers in conjunction with their safety program.

This year model rocketry was added to the department's area of supervision, which includes outside burning, oil burner installations, the storage or transportation of flammable liquids and explosives, blasting, fire detection systems and fire extinguishing systems. Permits are required to purchase, store or use model rockets.

A reminder is again given to all residents: Please display your street number in a conspicuous location that will be above snow banks, at the entrance to your driveway.

### TRAINING

The continuous training schedule was carried out during the year with the highlight coming in November when the old Dean Dairy building became available for training sessions which were to terminate in the demolition of the building. Over two weeks of valuable training was obtained through the use of this property. To conduct this drill it was necessary to obtain permission from the state Department of Health, Division of Air Pollution Control.

The drill master is making use of the training aids and films made available through the Massachusetts Fire Training Academy.

Two men are enrolled in the Fire Science Program at the Massachusetts Bay Community College. This schooling is obtained during their off duty hours.

Three more men have attended the Advanced First Aid Course conducted at Harvard University by the American Academy of Orthopaedic Surgeons. There are now 16 men in the department that have attended this excellent course.

Weston was host in December for a meeting of 85 members of the Massachusetts Institute of Fire Department Instructors. This organization of drill masters from various departments also supplies the instructors for the state Fire Academy.

The Superintendent of Fire Alarm was President of the New England Division of the International Municipal Signal Association for the 1969-1970 term.

The Drill Master is President of the Massachusetts Institute of Fire Department Instructors for the 1970-1971 term.

## EQUIPMENT

The items requested in this year's budget to continue equipment modernization were purchased. This included the purchase of another compact two-way radio to complete the program of updating the portable radio communications system.

The pumping engine ordered in 1969 is scheduled for delivery in January of 1971. A replacement for the Chief's car is recommended for 1971.

A truck with a power-operated boom and platform has been requested to replace the present utility truck in 1971.

1970 FIRE LOSS (INSURANCE PAID) ..... \$62,030.78

NUMBER OF FIRES CAUSING LOSS IN EXCESS OF \$1,000 .... 12

Jan. 15	Box 373	Monroe Sussman	100 Cliff Road
Feb. 15	Box 3922	Michael F. Zirpolo	87 Sherburne Circle

Aug. 18	Box 45	Lester J. Grant	73 Chestnut Street
Nov. 7	Still	Edward P. Carey — (Auto)	Roslindale
Nov. 15	Box 71	J. Holland Cotter	78 Webster Street
Dec. 3	Box 4163	David O. Jones	82 Deer Path Lane
Dec. 16	Box 6511	Tadelusz J. Siek	254 Merriam Street

PER CAPITA FIRE LOSS: (APPROXIMATELY) ..... \$5.71

In 1970 the Fire Department responded to 178 Bell Alarms and 352 Still Alarms. Total of 530 Alarms as follows:

Building Fire Calls	112	Emergency Calls	143
Forest and Grass Fires	82	Accidental and Needless Alarms	26
Dump Fires	17	False Alarms	22
Vehicle Fires	33	Vehicle Accidents	39
Miscellaneous Calls	26	Mutual Aid Given	30
		Mutual Aid Received	18

From January 1, to December 31, 1970, the Fire Alarm Office operators on duty handled 530 alarms of fire, issued 1,518 permits for outside fires and received and transmitted 13,385 radio messages for the Fire Department, Water Department and Highway Department.

## **REPORT OF THE TREE WARDEN AND MOTH SUPERINTENDENT**

Due to the increased environmental hazards of spraying, we have limited the use of herbicides and insecticides. In the future, we will spray only the specimen town elm trees which contribute so much for our town. All major spraying will be discontinued.

Although our main concern every year is removing and pruning all broken limbs from streets and sidewalks, we will continue to expand our tree planting program. Due to the Dutch Elm disease, we are planting a variety of both shade and ornamental trees to compensate for the increasing loss of our elms.

## **REPORT OF THE TOWN FOREST COMMITTEE**

The Town Forest Committee continued to maintain the existing trails in the Town Forest. For the first time in several years the Committee asked for and received an increase in its budget from \$750 to \$1,000. This increase was necessitated by the addition of the Nolte Town Forest (off Highland Street) and the removal of two large diseased elms in the area of the Dickson Memorial Ring.

The Committee has continued to use the services of off-duty firemen and voluntary groups for maintaining the trails in the Forest.

Certain problems have arisen concerning vehicular traffic in the Town Forest, which is increasing annually. This has caused certain traditional accesses to the Town Forest over private land to be blocked off by the property owners. The problem of vehicular traffic in the Forest is becoming increasingly important and is presently under study by the Town Forest Committee.

No new acquisitions were contemplated for 1971. However, there is a combined concern over the ultimate disposition of the Weston College land; this is of concern to all residents and has been under study by this Committee in conjunction with the Conservation Commission and Recreation Commission. As of this report, no definite answer is available concerning that property; however, the Town Forest Committee is strongly in favor of having that land kept open and acquired for the use of all the residents of Weston by one or more of the responsible and appropriate Town agencies.

## **REPORT OF THE DIRECTOR OF CIVIL DEFENSE**

The purposes of civil defense remain the same as in the past, but the emphasis is now on natural disasters. Weston has been fortunate in having no disasters other than oil and chemical spills caused by traffic accidents.

In the past year the Fire Department sent three men to a seminar at Harvard University on advanced first aid and the handling of accident victims.

Robert Little has done his usual outstanding job on radio communications. If anyone in Weston with a radio license to handle 2 and 6 meter traffic would like to help in this work, the Director would appreciate hearing from him.

A general updating of radio equipment has been started and will continue during the coming year.

A number of items have been obtained from government surplus at minimum cost to the town, and are in use by the Fire and Highway Departments.

## **REPORT OF THE BUILDING CODE STUDY COMMITTEE**

As noted in last year's town annual report, the Building Code Study Committee is planning to present a new code to the town with its recommendation for adoption. Completing the details of the final draft and proofreading of the printer's copy took longer than anticipated. Printed copies, however, are expected to be available shortly. After one or more hearings, the Committee anticipates the new code will be adopted by the town in 1971.

# Health and Sanitation

## REPORT OF THE BOARD OF HEALTH

The Board held ten regular meetings during the year and two special meetings.

Following the town meeting the Board reorganized with Mr. William W. Gallagher, Jr. as Chairman, Dr. David H. Reid as Secretary, and Dr. Daniel J. Blacklow as Member. The staff, as then constituted, was reappointed.

A matter of great concern to the Board has been the turbidity problem at Memorial Pool. In September of 1969 the Recreation Commission Chairman met with the Board to discuss this, and a moderator-appointed committee was reported to be working on a solution. The State Sanitary Code requires that an approved disk, lowered into the water, be visible at 4 feet. In June of 1970 the maximum visibility was 15 inches. The Board worked with the Recreation Commission in an effort to keep the pool open for the season. A variance was granted, with clearly defined operational safeguards, and requiring that visibility tests be taken and recorded twice a day. This variance contained a statement that if the pool does not meet minimum standards in 1971, no further variance will be granted. It is hoped that the on-going studies will result in a solution so that the citizens of Weston will not be deprived of this recreational facility.

There has been an unforeseen delay in the design of equipment and approval of same for the fluoridation of the town water supply. The Board regrets this and believes that this matter will be resolved in the near future.

### Diseases Dangerous to the Public Health

All animal bites and communicable diseases, as required by the statutes, must be reported to the local board of health. A total of 227 such diseases and bites were reported in 1970. See Table I for details.

### Public Health Nurse

The duties of the Public Health Nurse cover a variety of responsibilities and activities. Day care centers are required by law to be licensed by boards of health, and it is the nurse who inspects facilities and checks on the medical records of staff and children to determine compliance with the regulations. Inspections are also made by other town officials such as the Inspector of Wires, Fire Chief, and Sanitarian, so that any parent of a child attending a licensed day care center can be assured that the maximum is done for their protection. Day camps also receive similar inspections. There are four day care centers and six summer day camps operating in Weston.

Four premature births were reported to the Board of Health and the nurse consulted with the parents as to possible need for financial and/or other assistance.

The Public Health Nurse did the follow-up on reports of communicable diseases, screened and scheduled for treatment patients for the Dental Clinic, and in addition scheduled and supervised public health clinics regularly scheduled. Her duties also include initiating new clinics when advances in public health are made and new vaccines become available. In 1970 the rubella (german measles) vaccine was offered for children through grade six. In cooperation with the Wellesley Board of Health, blood sugar determination tests were again available to resident adults of both towns. This is a program planned and carried out with the assistance of the Massachusetts Department of Public Health and aimed at discovering the "hidden diabetic". There was a good response and twelve persons were referred to their physician for further diagnosis. The nurse assisted on this program.

Working closely with the schools, the nurse is available in all areas pertaining to health and in 1970 gave 42 classroom talks. See Table II for details on nursing activities.

### Dental Services

Eligible children are cared for in the private offices of local dental physicians and the Board of Health pays an hourly fee. Seven children from three families received dental care during 1970. In 20 visits the following work was done:

Prohylaxis .....	8	Extractions .....	4
X-rays .....	8	Fillings .....	19

### Environmental Sanitation

As in recent years, most of the Sanitarian's time was given to services related to the installation of private sewage disposal systems. There were fifty-nine disposal system permits issued and a total of four hundred and sixty-five consultative and inspection services rendered.

The responsibilities of the Sanitarian cover a wide range of activities. All food service establishments are inspected at intervals and annually before renewal of licenses. Prospective food service establishments are provided with consultation and recommendations. Public and semi-public bathing areas and pools are inspected and water samples collected for anaylses. Nursery Day Care Centers and Day Camps are inspected, and the Sanitarian is available for consultation on pertinent problems. Subdivision plans are submitted by developers and are evaluated and a report made to the Planning Board. All complaints are investigated and, if a public health problem is involved, the Sanitarian works with those concerned to abate the problem. In addition, the Sanitarian assists at the rabies clinic and is in attendance at various meetings and conferences sponsored by health oriented organizations.

## SANITATION SERVICES

Food Service Establishments	43	Subdivisions	1
Day Care Centers	3	Swimming Areas & Pools	22
Day Camps	7	Nursing Home	2
Complaints (includes re inspections)			83

## LABORATORY

Water samples are delivered to a laboratory in a neighboring town. During 1970 forty-one samples were collected and analyzed.

		Private Water Supplies	18
Bathing Waters	10	Town Water Supply	13

## Nutrition Services

The Nutritionist works as a team member with other health, welfare, and education specialists and thus is part of the over-all health program. Her work includes the application of the practical knowledge of nutrition and diet therapy as well as working, planning, and using this knowledge with other professionals for the good of the citizenry.

The nutrition program covers practical programs based on the science of nutrition and the needs of the community; individual counseling of patients and/or their families in the area of diet problems; therapeutic diet interpretation by referral of local physicians; provision of source material for nutrition projects in the schools; availability for classroom talks on nutrition and cooperation with physical education instructors in incorporating nutrition education into the physical fitness program; presentation of up-to-date nutrition information through timely articles in local newspapers; conducting educational classes on specific aspects of nutrition; serving as consultant to the public health nursing staff in the area of nutrition.

**NUTRITION IN THE SCHOOLS** The major part of the work in 1970 was in developing a nutrition program in the schools. The Nutritionist spoke to four high school home economics classes and presented related films. Plans were made to talk to sixth grade classes prior to their entering junior high school, acquainting them with lunchroom procedure. General instruction in selecting adequate lunches and the importance of over-all good food habits will be stressed. Talks were also given to five 7th and 8th grade classes.

**COMMUNITY EDUCATION** Two series of weight control classes were conducted for Weston and Wellesley residents. Each series consisted of six classes. In view of the current focus on the problem of excess weight, poor nutrition, and fad diets, these classes are a means of presenting factual information to the public in an effort to promote sound dietary practices and good nutrition.

The Diabetes Detection Clinic was held for Weston and Wellesley resident adults. The Nutritionist participated in evaluating food intake as related to the post prandial sugar test.

**DIET THERAPY** There was only one therapeutic diet conference in 1970. The program was somewhat curtailed due to a change in personnel and a lapse of several weeks before the position was filled.

#### **Licenses Issued**

The Board issues many licenses and is responsible for compliance with regulations by those seeking permits. In 1970 one hundred and fifty-five such licenses were issued.

#### **Births and Deaths**

98 Births .....	9.0 per thousand
52 Deaths .....	4.8 per thousand

#### **Inspection of Animals & Slaughtering**

Quarantine Visits (due to bites)	42
Animal Census	591
Horses	96
Goats	4
Sheep	14
Swine	477
Dog Clinic Vaccinations (rabies)	284

#### **Biological Supplies and Diagnostic Test Outfits**

Biologics and diagnostic test kits are available without charge to local physicians, the Board of Health serving as a distribution station for the State. The following were dispensed in 1970:

#### **BIOLOGICALS**

#### **NUMBER OF DOSES**

Diphtheria, Tetanus, Pertussis Antigen .....	550
Diphtheria and Tetanus (adult and child) .....	765
Immune Serum Globulin .....	71 c.c.
Poliomyelitis Vaccine .....	700
Smallpox .....	819
Tetanus Toxoid .....	145
Typhoid — Monovalent .....	81
Measles Vaccine .....	209

#### **DIAGNOSTIC TEST OUTFITS**

Throat Culture .....	396
Wassermann .....	150
Enteric Culture .....	18
Vaccine Needles .....	42 pkg.

The Health office validates International Travel Vaccination Certificates for patients of local physicians. 504 were stamped in 1970.

#### **Plumbing Inspection**

The Town Treasurer receives fees charged for plumbing permits and the charges for subsequent inspections are paid from the appropriation for Plumbing Inspection. 154 permits were issued in 1970 and \$994.50 was collected in fees.

## REPORT OF THE EAST MIDDLESEX MOSQUITO CONTROL PROJECT

The East Middlesex Mosquito Control Project did somewhat less drainage work in 1970, otherwise the program was the same as in the last several years. There were more mosquito complaints: 71 as compared to 34 in 1969. The most troublesome areas were the northern part of the town and the southwest corner from County Drive to the Bogle Street vicinity.

Field work commenced with winter season application of Methoxychlor to frozen swamplands to prevent the spring brood of mosquito larvae. This was all done by hand with knapsack dusters. In April and May Abate was sprayed by hand or by helicopter where mosquito larvae were found. Throughout the remainder of the season Abate was the principal material used as a larvicide. The exception was in catch-basin spraying. For this control the Project used motor-cycle spray equipment and applied less than 1/10 oz. of Baytex per basin. Where the annoyance from adult mosquito infestations was most troublesome the Project either fogged from trucks at night with 1% Dibrom in fuel oil or hired helicopter service to apply Malathion ultra-low-volume aerosol at 3 oz. per acre. The Project uses only those insecticides and methods of application approved by state and federal authorities.

The drainage work in 1970 was limited to cleaning of existing ditches. Budget limitations prevent any further work.

### FINANCIAL STATEMENT

Balance on December 31, 1969	\$1,341.34
Appropriation for 1970: \$6,000. rec'd July 9, 1970	9,500.00
3,500. rec'd Sept. 25, 1970	
<b>Expenditures in 1970</b>	
Labor	\$4,136.50
Adm. & Office	699.94
Insurance	1,042.27
Utilities	79.72
Rent & taxes	321.97
Equip. & field oper.	1,305.03
Insecticide	1,148.57
Aircraft service	517.50
Other services	17.50
Vehicle replacement	212.50
Sub total	9,481.50
Credits	246.25
<b>TOTAL</b>	<b>9,235.25</b>
Balance on December 31, 1970	\$1,606.09

The East Middlesex Mosquito Control Commission has requested an appropriation of \$10,200. to finance the program from April 1, 1971 to March 31, 1972.

The increase is to cover wage raises granted last May.

# Highways and Bridges

## REPORT OF THE SUPERINTENDENT OF STREETS

Although the annual projects of the Highway Department are the same in nature from year to year, the scope of the work varies according to a number of factors. Each year there is more road mileage which must be maintained by the town, which in the long run is reflected in the "wear and tear" on various pieces of equipment. The single area in which there can be the widest variation is snow and ice removal and the subsequent spring clean-up. If we are fortunate enough to have a mild winter with only moderate amounts of snow and few bad icing conditions, our work load is easier to handle during the winter and also in the spring when all streets are swept to remove accumulations of sand and salt. Unfortunately, 1970 was not a "good year" in this respect. Heavy icing conditions required the use of a lot of sand and salt to keep travel in the town as safe as possible.

### Highway

Under Chapter 90 Construction, Wellesley Street was rebuilt from South Avenue northerly to the entrance to Regis College. Chapter 90 Maintenance work was 3,500 feet of South Avenue westerly from Ash Street. In addition to these two categories, the part of Highland Street from Love Lane to Chestnut Street was reconstructed under a special state grant.

### New Equipment

During 1970 we purchased a new car for the Superintendent of Streets, a new sander body, a new sandblasting machine for the shop, a brush chipper for the dump, a new catchbasin bucket and two new dump trucks. A garage was constructed at the dump to provide protection for the chipper and bulldozer.

### Work Done for Other Departments

The swimming pool was cleaned and made ready for the Summer. Play grounds were mowed for the Recreation Department. A parking lot off Gail Road was done for the Recreation Department. We put in a hot top road for the Cemetery Department. We did a lot of patching on Highland Street for the Water Department. We put in a new driveway to the Swimming Pool at the Jr. High School.

### Miscellaneous

Many fences, stone walls and guard rails owned by the town were repaired by the Highway Department in 1970. Signs were replaced and added as necessary. All traffic lines throughout the town were repainted, as is necessary each year.

**The following roads were resurfaced:**

Conant Road	Pine Street	Indian Hill Road
Page Road	Bradyll Road	Plymouth Road
French Road	Spring Road	Bradford Road

**The following roads were Hot Topped during 1970:**

Highland Street	Viles Street	Brook Road
Bemis Street	Chestnut Street	Part of Merriam St.
Valley View Road		

**Sidewalks:**

1,400 feet of sidewalk was installed on Wellesley Street.

300 feet of curbing on Conant Road and 800 feet of curbing on Wellesley Street.

## REPORT OF THE SCHOOL COMMITTEE

### Organization, Activities and Policies

The School Committee is responsible for school policy, plant, and personnel. At its annual organization meeting for the report year 1970, the Committee elected Mrs. Margaret M. Pexton as Chairman, and Mrs. Molly A. Levin, Secretary.

The following liaison assignments were made to maintain communication with school-related organizations or committees:

Finance Committee — Mr. Jack H. Vernon, Mr. Edward E.

Phillips, and Mrs. Margaret M. Pexton

Recreation Commission — Mr. Peter H. Richardson

Visiting Nurse Association — Mrs. Margaret M. Pexton

Parent-Teacher Organization — Mrs. Molly A. Levin

Collective Bargaining Representatives — Mr. Edward E.

Phillips, and Mrs. Margaret M. Pexton

METCO Council — Mr. Jack H. Vernon

METCO Coordinating Committee — Mrs. Molly A. Levin

Regular sessions of the Committee were held at least twice each month during the school year, with additional executive sessions for collective bargaining with school personnel, and for discussions affecting individuals. The Committee adopted a new policy during the year of opening the first half-hour of the first meeting of each month to public exchange with the Committee or school administration.

While retaining goals previously formulated for school product, the School Committee became involved during the year with several lines of inquiry into performance goals. As circumstances of rising costs, generation gaps, changes of national priorities, etc. provide new input into school decision-making, the Committee has attempted to gain a better understanding of what the townspeople desire and expect of the school system, what educational and service alternatives are possible for our student population, what priorities may be indicated in assigning resources, and how best to present the dynamics of an ever more complex school matrix to the community.

The previously formulated and reported product goals bear repetition:

1. Achievement by each student commensurate with ability;
2. Encouragement of self-learning;
3. Enhancement of the positive self-concept of each learner;
4. Acceptance of change in society;
5. Appreciation of learning for its own sake;
6. Development of insight into the interrelationship of knowledge;
7. Development of critical judgment;
8. Aesthetic competence;
9. Physical and mental well-being.

The means to these goals, in our cultural setting of constant change, has been the pre-eminent consideration underlying much of the Committee's work during the year; and as leaders in the field present new evidence on problems and solutions in education, the Committee has been greatly challenged to rethink the premises and procedures of the local system.

While traditional practices of education produced stability and tranquility in the community, neither of these virtues was allowed, in the past year, to pre-empt consideration of changes in our programs and procedures. Some lively communication between town and school resulted!

### On School Personnel

In September, 1970, the total professional staff in Weston consisted of 214 members filling 206.1 positions (a number of positions being part time). Of the total membership, 43 people were new to the system and came to fill 35.2 existing positions vacated prior to September, as well as 6.5 new positions provided for changes in enrollments or programs. Among the new staff, 20 people held Bachelor's degrees, 22 individuals had Master's degrees, and one a Ph.D.; 25 had four or fewer years of experience, 18 had more than four years experience. The new staff members were educated at 42 different colleges, were screened from approximately 2200 applications, and were hired following a sequence of recruitment procedures involving interviews, references, and where possible, observations of the applicant in the classroom.

Thirty-nine staff members leaving the Weston system during and at the end of the 1969-70 school year vacated 35.2 positions, representing 17.6% of all 1969-70 positions, a turnover rate lower than last year's and lowest in the last decade.

Personnel organization at the elementary level underwent some experimental change during the academic year beginning Fall, 1970. As a result of the teachers' Summer Workshop of 1970, devoted to the study of "How Children Learn," the staff of the Brook School (which houses some classes of 1st, 2nd, and 3rd grade, in addition to all kindergarten classes) initiated an experiment in more diversified classroom techniques, drawing from British methods and other contemporary educational models which are gaining widespread attention. Within the Brook School experiment, children were grouped in flexible fashion as the need or situation dictated; remaining with one teacher primarily for reading, language arts, and homerooms portions of the day, and going on to other specialists in art, music, etc. Arithmetic studies called for more lasting grouping by achievement. Teacher teams met for curriculum planning and assessment of children's progress as before. Implied in this organizational structure was a changing role of the teacher from that of "conductor" to that of "guide" or "resource person" and a change in process from emphasis on teaching to emphasis on learning. This method of organization, and the project orientation and informal time allotments it

allowed were expressly approved by the School Committee for the Brook School on a trial-and-evaluation basis, the evaluation at the end of a year to determine future direction.

Organization by the team concept with grouping by achievement for reading and arithmetic instruction prevailed at the Woodland, the Field, and the Country School. Staff at the Junior High School was organized into "houses" within which the teaching teams operated. Some changes in grouping of students at the Junior High were made to effect heterogeneous classes in English, social studies and science. For mathematics instruction, students able to proceed rapidly were grouped separately from the others, who were grouped heterogeneously. There were two groups of 8th grade students studying algebra and two other groups of 8th grade students proceeding at a faster pace than the regular class although not undertaking the study of algebra.

At the Senior High School, staff was organized by department.

### **On School Program**

Elementary grades 1, 2 and 3, divided between Country School and Brook School, shared similar content of program. The Nebraska Plan featuring fine literature of graded difficulty, was used in study of language arts. In grade 1, where reading is taught phonetically, there was an expansion during the year of the "Alpha 1" Reading Program, a fun-like approach to reading wherein letters of the alphabet are denoted by people-characters and stories are developed using the characters. This approach, highly successful in the TV "Sesame Street" series, was reported to be an imaginative aid on Alphabet Lane in Weston and became the subject of a teacher workshop for further dissemination. It is intended to add strength to the phonetic approach.

In the lower elementary grades, an assessment of social studies resulted in a recommended use of a new Allyn-Bacon program this year, a multi-disciplined approach to social studies on a concept rather than a content basis.

The lower elementary science program included this year a somewhat expanded version of the program introduced last year on life cycles of animals, an introduction to study of the human body in the higher elementary grades.

Inspired by British work in helping children to write with ease, the Brook School during the year initiated several methods to bring pen to hand: two classrooms produced weekly newspapers and children were encouraged to keep records in journal form of their daily experiences in some of their projects.

Manipulative materials were a new feature of all elementary mathematics instruction. The Brook School used a spare room as a "Math Lab" where youngsters worked with these materials under direction. The other schools used the materials as a complement to the regular mathematics program.

Again, a spare room in the Brook School was turned into a creative arts center where youngsters worked with supervision.

New to Weston in the academic year beginning fall, 1970, was an in-school swimming program for elementary school children. Grades two through six were bussed twice each week for an eight-week period to the pool at the Junior High School. Grouped according to their swimming abilities, they were given instruction to fit their need.

The upper elementary grades continued to refine the social studies. A new unit on Early Man was taught in the fourth grade; the unit on Personal Decision-Making, initiated in the previous year, was continued in sixth grade, and a new sixth grade unit focused on Model Cities and included field trips by small groups of children to the city.

An innovation gaining increasing attention was the use of Senior High School students to help with some of the various phases of instruction in the elementary schools. Last year, the sixth grade social studies and science classes were thus benefited, as was the after-school activities program in the lower elementary level.

Junior High School program content remained essentially unchanged. Emphasis was given to individualizing the program as much as possible and to developing a positive self-concept within each student. Thus, several students of superior mathematical achievement were placed in geometry classes in the High School. Students with reading difficulty were given remedial help, and the two guidance counselors dealt with individual problems.

At the High School, requirements for graduation were changed to allow students to graduate after three or three and one-half years provided they have fulfilled the 85-credit requirement and the mandatory 4 English courses, 2 full or 4 half courses in History and the Social Sciences (including 1 full course in U. S. History), 3 courses in Science and Mathematics (of which 1 must be Mathematics), 1 Speech course, and 3 Physical Education courses. The requirement for a fourth year of Physical Education can be waived.

Program innovations at the High School included a half-year course on Psychology of Human Development for freshmen and sophomores; a half-year Social Science Laboratory to introduce the techniques of the social sciences and apply them to issues of contemporary society; a new format for U. S. History classes, in which audio-visual materials and local resource speakers were employed in large-group lectures and were followed up with small-group seminars; a new Art and History course featuring an interdisciplinary approach; and three new Business courses, Business Machines, Data Processing, and Business Seminar. In addition to these, Band and Orchestra sessions were expanded during the year from twice weekly to four times weekly.

The High School offered, for the academic year beginning fall, 1970, 10 different Social Studies courses, ranging from Anthropology,

Ancient Traditions, and 20th Century Europe to U. S. History, Western Traditions, and Problems of Democracy; 9 different courses in Biology, Chemistry and Physics; Mathematics courses ranging from General Mathematics and Computer Mathematics through Algebra, Geometry, and Calculus; 4 years of Latin, Russian and Spanish, and 5 years of French; 13 different levels or varieties of Industrial Arts training, including 3 years of Electronics; and a large assortment of Art, Home Economics, Music, Business, Public Speaking and Drama, in addition to a variety of English course offerings and the standard Physical Education courses.

Considerable thought and attention was given during the year to the question of drug and sex education in the schools. Liaison was established between the School Committee, Town Drug Committee, and school staff. The Director of the Social Studies Curriculum participated in workshops and training sessions both within our school system and in a broader geographical area. A program of workshops was initiated for Weston teachers to familiarize them with the problem and with current thinking on ways to cope with it. It was decided that the most effective way to cope with drug problems in students was to help them to handle problems in interpersonal relations by appropriate studies, discussions, etc., wherever they fit into the context of a discipline. In addition, five booklets prepared by Dr. David C. Lewis and entitled "The Drug Experience; Data for Decision-Making" were used together with films and filmstrips in Social Studies classes at the Junior High School and in grade 9 at the High School. Teachers in grades 4 through 8 received workshop training in early 1971, after which a work force was directed to determine how children in those grades might be aided to reject the drug culture. At the High School, the freshman Psychology and senior Social Science IV courses dealt directly with human relations situations, and many informal discussions, counseling sessions and some referrals took place.

Sex Education was transmitted in the elementary grades through studies of the life cycle of animals, the human body, and personal decision-making. In the upper levels, science and social science courses involved both biological education and training in interpersonal relations.

The questioning and probing of values that is permeating all educational endeavors is also evident in Weston and causes both program and organizational changes in the schools. The School Committee has supported efforts by staff and community to try new approaches in method, program and activities, while at the same time recognizing its responsibility to maintain certain standards and to establish criteria for change that will beneficially protect the school population. The fine lines of reasoning in making judgments on such matters are not easily discernible, and the Committee has appreciated the patience and cooperation of both staff and townspeople in its discharge of this responsibility.

## On Pupil Personnel Services

A growing demand for school responsibility in screening, diagnosing, treating and handling children with physical, mental, or emotional problems affecting their learning resulted in the hiring of a school psychologist beginning fall, 1970. In addition, the staff became involved in varied attempts to fit the resources most beneficially to the problems. Staff analyses, for example, suggested that broader school involvement in behavioral guidance for troubled students and their families might serve to prevent some later disabling problems. The School Committee has scrutinized each proposal individually with the aim of providing our community with as much enlightened, constructive aid as is consistent with the resources and responsibility in our trust.

The Newton-Wellesley, Weston Mental Health and Mental Retardation Area Board selected the Wellesley Human Relation Services to provide mental health and retardation services for the school-age children of Wellesley and Weston. Thirty-six (36) Weston families were served by this agency during the past year; other families, by personal choice, sought help through their family physicians, hospitals, and private therapists.

The Area Board also provided parents the services of the outpatient clinic of the Newton-Wellesley Hospital. The hospital also maintained 24-hour emergency psychiatric services for school-age children. In addition, Human Relations Services provided the Weston Schools two consultant psychologists four hours each week; one served kindergarten staff and parents, the other consulted with counselors and teachers at the High School.

In fall of 1970, a total of 233 Weston school children were enrolled in special services within the Weston school organization, distributed as follows:

Speech and hearing	65
Reading and Learning Disabilities	126
Perceptual Development Class	7
Transition Class	16
Educable Class	
(Mentally Retarded)	2 (plus 3 non-Weston tuition-paying children)
Adjustment Class	
(Emotionally Disturbed)	3 (plus 5 non-Weston tuition-paying children)
Tutorials, School and Home	14

An additional 32 students were enrolled in special services located outside the Weston system but in many cases with tuition and transportation paid by Weston. The distribution was:

Emotionally Disturbed (Day Schools)	3
Emotionally Disturbed (Residential)	3
Educable Mentally Retarded (TEC class)	6
Trainable Mentally Retarded (TEC class)	3
Mentally Retarded (State Schools)	3
Mentally Retarded (21-27 Yrs. Old)	4
Deaf	2
Physically Handicapped	1
Perceptually Handicapped	3
Not Diagnosed	4

A speech and hearing program was conducted in the four elementary schools and included the screening of the entire K-6 school population over a 2-3 year period, and each succeeding year additional screening of referrals and children new to the school. Therapy included articulation, voice problems, cleft palate speech, stuttering, cerebral palsied, retarded, language problems and hard of hearing. Liaison between the therapist and the classroom teachers was maintained.

To ameliorate learning disabilities, various programs were employed. In the Country School, a self-contained classroom with children selected from grades three, four, and five was devoted both to perceptual development and academic instruction. The objective was to return students to regular classrooms as their competence warranted. Selection of children for this program was made through consultation among teachers, psychologist, counselors, principals, nurses, consulting psychiatrist and parents.

Also at the elementary level, several tutors worked with children both on remedial reading and perceptual development while the children remained enrolled in regular classes.

In the Junior High School, one full-time and one part-time teacher were employed to give special attention to students experiencing difficulty in language arts, and additional help was also given to those students lagging in mathematics. One of the teachers performing this remedial work at the Junior High School also spends six hours each week working with students in grade nine at the High School.

Another program within the special services jurisdiction was the transition class organized to help a group of children who, at the end of the kindergarten year, have not reached levels of cognitive, social, emotional, or physical maturity common to first graders. The program ran parallel to the first grade program, with levels of expectation somewhere between kindergarten and grade one. Some children entered first grade and some entered second grade after this transition year.

A non-graded class for educable mentally retarded children was located in the Country School with a total of five children, two from Weston and three from Wayland. The communities organized into The Educational Cooperative (TEC) cooperatively offered classes for the educable and trainable mentally retarded, and the emotionally disturbed, the classes being held in four different towns. Weston youths also had access to a work-study program for the educable mentally retarded under TEC auspices.

Under the authority of Chapter 750 of the General Laws, which provides for the instruction of emotionally disturbed children, an adjustment class of non-graded children, aged six to nine years, was conducted at the Brook School. This, too, was a cooperative venture with other TEC communities. The prime objective of the class is eventual integration of the children into regular classes.

The entire Pupil Personnel Services staff consisted at beginning of academic year 1970 of: 1 Director, 1 Psychologist, 4 High School Guidance Counselors, 2 Junior High School Guidance Counselors, 3.1 Elementary Adjustment Counselors, 0.8 Speech Therapist, 1 Reading Specialist, 1 Handwriting Specialist, 0.1 Consulting Psychiatrist, 4 Nurses (shared with Weston Visiting Nurse Association and Weston Board of Health), 1 Teacher of Mentally Retarded, 1 Teacher of Emotionally Disturbed, 3.6 Teachers for Learning Disabilities.

In addition, two psychologists were assigned by the Wellesley Human Relations Service to provide a few hours consultation each week in the Weston school organization. One served as consultant to kindergarten teachers, principal and counselor of Brook School. The other provided consultant services to counselors and teachers at the High School, and counseled Weston's referrals to the Human Relations Service.

Instability in the larger society and greater recognition of need for professional counseling on personal problems continue to raise the question of the extent to which the school should attempt to deal with problems peripheral to its academic function. Neither philosophical nor practical guidelines have yet emerged.

### **On Extra-Curricular Activities**

An experimental program of after-school art and science activities utilizing community volunteers was begun in spring of 1970 at the Brook School for second and third grade children. Enthusiastic community response resulted in an expanded program on an experimental basis in both Brook and Country School during the fall of 1970, with a staff of community resource persons compensated for their time. More than 200 children participated in a variety of activities. The program was given approval for a spring, 1971, term.

Fourth, fifth, and sixth graders were again offered a program of after-school sports, music and art, with one or two opportunities each week for any individual child depending on age and sex.

At the Junior High School, the opening for use of the new physical education facility resulted in a great expansion of intramural sports and after-school activities, as well as the continuation of inter-scholastic competitive football, field hockey, basketball, girls' basketball, baseball, track, girls' lacrosse, and tennis. Sharing of facilities allowed for intramural activities during the first hour and one-half after school, and varsity activities thereafter. Recreational swimming and scheduled Swim Club activities shared the swimming pool afternoon hours. A Committee of parents and faculty appointed by the Superintendent during the year devised a schedule of widely assorted after-school activities for junior high students which brought enthusiastic participation by a large proportion of the school population, and brought Weston its first formally printed Junior High School newspaper, a chamber music group, and other interests. Also, under the sponsorship of the Student Council, Junior High students raised funds to contribute to a Peace Corps "sister school" in Chitipa, Walasir, Africa.

Senior High School inter-scholastic sports included varsity football, junior varsity football, freshman football, soccer, cross-country track, winter track, varsity basketball, junior varsity basketball, varsity baseball, junior varsity baseball, hockey, wrestling, varsity tennis, junior varsity tennis, golf, skiing; and for girls, varsity field hockey, junior varsity field hockey, varsity basketball, junior varsity basketball, lacrosse, and tennis. Fencing, swimming, and intramural hockey were offered for the first time this year.

The High School dramatics group produced several plays during the year, and the choral and instrumental groups gave Christmas and Spring concerts.

Student groups at the High School were responsible for planning two separate "activity days", to which the townspeople were invited: one featuring speakers, films and discussions concerning education; the other an arts festival featuring student performances and exhibits.

### **On Research, Development, and Evaluation**

Research initiated during the report year 1969 under Dr. Donald Pierson, principal of the Brook School and Director of Research, involved a study of the characteristics of kindergarteners. This research was continued during the current report year with the collection of measures of development in cognitive and affective areas among kindergarten children for the purpose of finding out what factors on entry affect the child's progress in school. Such factors as sex, age, and nursery school experience, for example, were related to adjustment and progress in kindergarten. It is hoped that this research may lead to a more effective basis for determining whether and when a child is ready to enter school and possibly for use in placement after the kindergarten year.

A half-time research assistant was employed to aid Dr. Pierson and helped also to coordinate several studies initiated by universities using Weston school children as sample populations.

In addition to the kindergarten study, an effort was made during the year to develop a model for program assessment within our schools. A third-grade reading program at Brook School served as the experimental program under analysis, and measures of achievement, self-concept and diagnosis of skills problems were taken to assess the program's utility for the children involved.

An effort was made during the year to find out the ways in which children gain syntactic fluency through a research project using fifth grade students in experimental and control situations in the Woodland School.

Also, there was continuation of an effort begun in the previous year to subject standardized tests to item analysis to determine whether they were adequate measures of achievement in Weston curricula. As a result of this work, it was decided to search for more accurate measures, and as the year ended, new tests were being scrutinized and evaluated.

Several other areas in which research plans were being made included a follow-up of students going through a transition year between kindergarten and first grade to assess the extent to which the transition year helped them to function at a higher level later on; a similar follow-up for students who have had special work in perceptual development; a follow-up of students now in high school who were given extra help for deficiencies during their junior high years to assess the long-term worth of such aid and its potential in the future; and a study of a small group of children who were receiving specific types of motor-control exercises to evaluate the worth of these activities to their perceptual development.

As the concept of "accountability" (evaluation of the performance of the school system in terms of the achievement of its students) gains nation-wide attention, our community has also shown a larger interest in the question of evaluation of performance both of system and student.

Recognizing this concern, the School Committee took an initial step during the year to find out how the parent community evaluated the performance of the school system on many dimensions. A questionnaire was prepared and mailed to each family having children enrolled in the public schools, soliciting that family's evaluation and comments. An analysis of the community's assessment and concerns was made for guidance of the Committee in deciding future policy.

Another step toward better evaluation capability was the Committee's decision to convert its budgeting method, a traditional school method by-passing considerations of allocation of resources, to the now widely-recommended method of programming, planning, budgeting and evaluating systems. This method, to be effected over a period of years, assign costs on a program basis and encourages evaluation toward effective allocation of resources to meet the objectives delineated.

The changing of values in our society has brought into question

many of the previously accepted measures of both school and student achievement. College Board examinations and achievement tests are meeting some harsh judgment for failing to measure many dimensions of individual quality significant to later achievement, and for aborting the usefulness to society of many children whose talents and abilities the tests are not sensitive enough to record. School achievement, often measured by percent of graduates accepted into colleges or by average scores in standardized national tests, has become a central issue of public dispute. The extent to which the traditional measures of school achievement reflect the attributes of the school population and the extent to which they measure the school's effect on that population is still unknown, and to add to the confusion, the traditional measuring criteria themselves are in question.

In this unstable milieu, the Department of Pupil Personnel Services began in Fall of 1970 a re-evaluation of all school testing programs to determine what measures would provide the most useful and valid data concerning each student's mental ability, achievement, and relative standing in class, in the total Weston school population, and in the schools of the nation. The re-evaluation was not completed at year-end.

The following quantitative profile of the class of 1970 is given:

#### **Class of 1970 Achievement Tests**

Test	No. taking test (of 185 seniors)	Weston Mean Score/ National Mean Score	
		(800 is top score attainable)	
English Comp.	128	527	513
Math 1	86	575	536
Math 2	24	693	671
French	61	567	566
American History	19	458	486
Spanish	12	469	462
Biology	14	520	513
Physics	12	599	586

#### **Scholastic Aptitude Test Scores**

Verbal	502	458
Mathematical	550	483

Post-graduate plans of the Class of 1970 are summarized as follows:

4 year colleges	112
Junior colleges	38
Business schools	1
Nursing schools	2
Technical schools	4
Preparatory schools	5
Post-graduate at Weston High	1

Service	3
Work	11
Year off	6
Uncertain	4

College-bound graduates in 1970 were distributed to 103 different institutions.

#### On Costs

In calendar year 1970, the school operating appropriation amounted to \$3,649,522.00. An additional \$16,319 was transferred to the school account during the year to cover deficits in the fuel and utilities account caused by unanticipated sharp rises in price of fuel oil and increased consumption for heating new plant (Junior High Physical Education facility and the Field School), and also surcharge costs for electrical power billed by utilities to cover their cost of burning low-sulphur fuel; and \$2,350 was transferred to the school account for maintenance to apply insurance reimbursement to repair caused by vandalism. Total 1970 expenditure represented a 16.2% increase over the previous year, and an increase in the salary item alone of 15.5%. Since teacher contracts have been made on an academic year basis (September-June) and monies have been appropriated on a calendar year basis (January-December), two-thirds of the salary budget appropriated in January has already been committed by contracts entered the previous September. Next year, however, the official fiscal year will change to a July-June basis with one 18-month budgeting interval to accomplish the change-over. Capital outlay comprised approximately half of 1% of 1970 budget, expenses 8%, utilities and fuel 3.5%.

State aid to the town, including general school aid, reimbursement for transportation, for education and transportation of physically and mentally handicapped, for purchase of buses, and other receipts amounted to 13.5% of total expenditures for 1970, and \$6,014.71 of the school appropriation was returned to the town unspent, so that the net expenditure by the town for the year's operation of schools amounted to \$3,166,729.

Within a given region, the per student cost (without transportation, which varies with geography) has been considered the most valid comparison among communities of educational effort and efficiency, particularly when comparisons are adjusted for size of school population, which bears on maximization of administrative and plant resources. The per student cost in Weston for academic 1969-70 was \$1,190.00, transportation included, an increase of 17.5% over the previous year.

As before, Weston's per student cost in 1970 ranked among the highest in the state, along with Brookline, Newton, Wellesley, Concord and Sherborn. The factors most responsible for this cost include a policy of maintaining a comparatively low student-staff ratio, with a high complement of non-teaching staff, and salary and wage scales among the highest in the state.

## At Year's End

The Committee looks back on the year as one of significant action in a number of respects. Some attempts have been made to grapple with the perplexities of evaluation. A good deal of understanding has been gained by the Committee and the administration of the rationale and some basic means of bringing evaluation to bear on allocation of resources. A feasible method of eliciting community reaction was discovered and applied. The Field School and the Physical Education facility at the Junior High School were put into use at the beginning of academic 1970, and both buildings quickly proved to be welcome additions to our exceptional physical plant. The swimming pool, opened during the summer of 1970, has provided splendid opportunities for all age groups in the community to participate.

The community has also become more involved with the schools through after-school activities both at the elementary and junior high levels and through use of local talent for curriculum enrichment. The Weston League of Women Voters inspired a great deal of community interest in and enlightenment about the schools through its current study of the school system, during which it held a series of public forums to bring school personnel and community together. The Parent-Teachers Organization has been alert to the possibility of service to the schools and has prepared a file of community resources for teacher use, has supplied scholarship funds for needy instrumental music students and has hosted several beneficial teacher gatherings. The School Committee has been gratified with this outpouring of community interest and participation.

Our teachers initiated through the Summer Workshop a study of how children learn, which has provoked the entire school system as well as the community into re-thinking the means and goals of education. This inquiry we will expect to see continued for some time in many forms since it addresses a basic question in education. Perhaps a definitive answer will continue to elude us; perhaps how children learn may be a function of what they are required to learn. Since young people are increasingly demanding to join the decision-making as to what they should learn, the methods and vehicles of education may also be expected to come under their critical scrutiny. The School Committee has generally supported efforts to analyze and improve the educative process within the bounds of available time, resources, and reasonableness.

In summing up the year's progress, it should be noted that the Committee continues to be concerned with a whole genre of problems centered in inter-personal relations and involving decisions as to how much and how best the schools can service troubled youngsters. In addition, the entire question of where to minimize and how to finance the increasing cost of local education is one which occupies much Committee attention.

Withal, the year's activity appears to have been both productive and progressive.

<sup>2</sup>Includes \$17,000 for repairs to Country School

<sup>3</sup>Excludes anticipated revisions of salary schedules in various personnel categories

## REPORT OF ELEMENTARY SCHOOL REMODELING COMMITTEE

The Elementary School Remodeling Committee, charged by the town in 1968 to renovate the former junior high school to an elementary school, successfully completed the assignment by September 1970. Children in the intermediate grades (4th, 5th and 6th) entered a welcoming, colorful, efficient school on September 10, 1970.

Although carpeting was not laid, blinds were not at the windows, and library books were not on shelves, learning for children did not suffer. Some new furniture was purchased, but most of it was re-finished and repainted at a great savings.

The Committee found both the architects and the general contractor to be most satisfactory, lending great skill and dedication to the entire undertaking.

This project was completed within its planned budget and schedule. Furthermore, the "new" school has proved to be completely acceptable.

## REPORT OF THE WESTON WAR MEMORIAL EDUCATIONAL FUND

The Weston War Memorial Educational Fund, founded in 1949 by a group of Weston High School alumni and friends, became a town trust fund by vote of the annual town meeting of March 23, 1953.

Its purpose is "to assist the post-secondary education of graduates of Weston High School".

As a town fund, the committee has conducted two town-wide appeals, in order to widen its base of support. We appreciate the gifts of our fellow citizens and business men of the town, and hope that future appeals will increase the principal of the fund so that more generous scholarships may be awarded. Only the interest may be distributed for scholarships. Gifts are tax deductible.

This year scholarships were awarded to Miss Susan Ferguson, Miss Deborah MacCausland and Miss Allyn Marsden.

Mr. Joseph Benotti was chairman of our annual appeal.

# Libraries

## REPORT OF THE LIBRARY TRUSTEES WESTON PUBLIC LIBRARY

The Weston Public Library continues to expand in every way except in the size of its physical plant. The number of borrowers, now over 70% of the town, has increased over last year; total circulation, over 170,000, is at an all time high; and the per capita circulation of 16, again higher than last year, indicates that the first two increases are due not just to the growth in population of the town. But the size of the building remains the same. Therefore, not only does the library continue its policy of excessive weeding each fall in order to accommodate the 3,000 new books acquired each year, but the staff also must make constant adjustments to accommodate for the greater use being put on the collection by the record number of library patrons.

In addition to the 44,000 books in its regular collection, the library has 2,000 paperbacks, over 100 periodicals, pamphlets (issued primarily by the government at nominal cost), pictures, piano music, puzzles, and over 850 records and cassette tapes. New to the library in 1970, the cassette tapes have proved to be extremely popular for all ages and include a wide variety of musical tastes.

To add to its contemporary book collection, each year the library borrows books from a rental service thus making available to its patrons books of current but not of long lasting interest at a much smaller cost than the price of the book itself. In 1970, the library borrowed 35 new books each month for a six-to-twelve month loan from this service. In addition, the library borrowed during the year, at no cost, 883 books from the Regional Bookmobile for short term loans.

Because the library is a member of the Regional Library System, any Weston resident holding a Weston Public Library card may borrow books at no cost from Wellesley or from Boston either through inter-library loan or by going directly to the Wellesley or Boston Public Library.

Since the library meets the standards of good library service set up by the state, over \$3,000 will be granted to the Weston Public Library as part of the library state aid program for this past year. Fines were increased in the adult department and over \$5,700, representing overdue book fines, was turned over to the town in 1970.

The children's department has continued its popular programs: a picture book program for three and four year olds once a week for three eight-week sessions during the school year and a summer reading program for children entering grades 2 to 7 culminating this year with a party featuring Mrs. Virginia Tashjian, Assistant Librarian at the Newton Public Library. The children's room has monthly visits from nearby nursery schools in the mornings and services were

increased to other private and to our own public schools by the lending of sixty-one book collections representing 1,379 books to individual grades within the schools. The collections are loaned usually for about four weeks in connection with a special school project.

The death of Mrs. Marion Perkins, Children's Librarian, in late December was a deep loss for the library both personally and professionally. Under her supervision, the children's room was strengthened in all areas. She served the library for eleven years without a day of illness until this past fall. A memorial fund has been established in her name for the acquisition of children's books on various aspects of nature, one of Mrs. Perkins' primary interests. The Trustees have appointed Mrs. Madelyn E. Wetmore to the position of Children's Librarian to succeed Mrs. Perkins.

The library staff continues to attend professional meetings of the New England Library Association, Massachusetts Library Association, and Children's Librarian's Round Table. Several members of the staff again took library courses at local universities. Mr. Richard Bodge, Chief Librarian, served a second year on the Scholarship Committee of the Massachusetts Library Association.

Mrs. Laura Deane Field resigned from the Board of Library Trustees in September, 1970. Mrs. Nancy Isaacs was selected to fill the vacancy until town elections to be held in March, 1971. The other two members of the Board are Mr. Grant M. Palmer, Jr., Chairman, and Mrs. Elizabeth Hower, Secretary.

The Trustees and the town, as always, are in great debt to the library staff who continue to perform their duties with dedication and good will in spite of the crowded conditions. Seven full-time professional staff members have averaged eleven years of service, a remarkable record!

Again we express our gratitude to the organizations and individuals who have made gifts to the library, and to the garden clubs for their attractive floral and Christmas decorations.

# Park and Cemetery

## REPORT OF THE PARK AND CEMETERY COMMISSION

### PARKS

The Commission continues its quest to acquire lands at strategic corners and other prominent locations throughout the town, particularly along its major arteries. Gifts to the town for park purposes are tax-deductible. Realistically, Weston's population will surely and steadily increase. The establishment of small scenic areas similar to Anniversary, Case, Children's, Lamson, and Soldiers' Parks will ensure the preservation of Weston's traditional beauty and charm. All citizens can rightfully be proud of our Town Green. As our population increases in density, it is equally important that by careful planning and planting now, each section will always have its own scenic open spaces similar to the above which now are confined to the Post Road and Newton Street.

During the year the regulations for the use of parks were reviewed and brought up to date. The rules, effective July 1, 1970, are as follows:

1. Parks are provided and maintained as open spaces, landscaped and planted, for visual and quiet enjoyment.

- A. Shrubs and flowers shall not be cut, trampled or disturbed.

- B. There shall be no littering of any kind. All litter shall be deposited in trash containers.

- C. Activity which would damage turf or plantings is prohibited. Such prohibited activity includes, but is not limited to ball playing of any type, golfing, bicycle or motorcycle riding, horseback riding, the use of snowmobiles or other vehicles.

2. Upon written application (made at least ten (10) days in advance of the proposed event) to and approval by the Park and Cemetery Commission, the Town Green and Lamson Park may be used for other than regular park purposes and temporary signs may be erected with respect to Weston functions. Such written applications shall be made to Chairman, Park and Cemetery Commission, Town Hall, Weston, Massachusetts.

- A. Use of parks for entertainments, fairs, meetings, or similar functions shall be under the following conditions and applicant shall specify facts conforming to and agree to such conditions in all applications:

- (1) The function shall be (a) conducted by a Weston organization or resident; (b) open to all residents of the town; and (c) conducted without profit or for the sole benefit of an

organization whose membership comprises mostly residents of Weston.

(2) The applicant shall be responsible for the orderly conduct of the function, shall clean up the area by noon of the day following the event, and shall not damage the area. If damage occurs to the grounds or planting as a result of such function, the applicant shall be responsible for the cost of repair or replacement.

**B. Signs. Only temporary signs may be erected.**

Temporary signs shall conform to the following:

(1) No sign shall exceed fifteen (15) square feet in area and all signs shall be of reasonable proportions. All signs shall be of substantial material and firmly supported.

(2) Signs shall be placed on the Town Common either at the junction of Church Street and the Boston Post Road or near the junction of the Boston Post Road and Town House Road, at spots designated by the Commission.

(3) Signs may be erected forty-eight (48) hours prior to the event and shall be removed by the installer before noon of the day following the event.

(4) Only signs announcing events to be held on or in town-owned property will be permitted.

C. In considering the applications made hereunder, the Park and Cemetery Commission may investigate the circumstances of the application on their own initiative, hold hearings upon due notice and their factual conclusions shall be final.

3. Persons or organizations violating these regulations will be subject to legal penalties and may forfeit their right to use the parks.

## **CEMETERIES**

The Josephine Pickering Merriam Memorial Gate which marks the entrance to Central Cemetery on the Boston Post Road underwent extensive renovation and restoration. Under the direction of our landscape architects, the course of the entry road of Linwood Cemetery was altered and extended. This, with attendant landscaping and seeding, has created a larger and a more fitting setting for the American Legion's commemorative boulder and flagpole. Likewise the new road provides a more convenient and direct access to interior sections of Linwood.

We again remind all citizens that lots can be sold only to people who at the time of purchase are residents of the town.

In 1970, as in the past, a substantial portion of our expenditures came back to the town treasury in the form of receipts which are set forth below:

# Cemetery Receipts\*

1970

No. of lots sold	19
Interments: Residents	23
Non-residents	22
Total interments	45
Receipts: Sale of lots	\$1545.00 (1)
Sale of Perpetual Care	4611.00 (2)
Annual Care of Lots	212.00 (3)
Interments	3310.00 (3)
Foundations	439.50 (3)
Total	<u>\$10,117.50</u>

\*All receipts were, in accordance with established practice, applied as follows:

- (1) Added to "Sale of Lots" reserve.
- (2) Added to "Perpetual Care" fund.
- (3) Paid into town treasury.

# Recreation

## REPORT OF THE RECREATION COMMITTEE

The Recreation Commission greatly increased the number of programs offered to residents during 1970.

To run the programs the Commission employs a year-around Recreation Director, a year-around swimming director, plus some 63 part-time supervisors, instructors, and lifeguards. The Commission relies heavily upon the Town Highway Department for much of its maintenance work, and obtains the cooperation of other Town committees, notably the School Committee, many of whose facilities the Commission uses.

Foremost among new programs offered were those at the indoor pool and at the gymnasium in the new junior high school. The pool was regularly open three evenings a week, plus afternoons on Saturday and Sunday. In addition to recreational swimming, instruction was available during the week for adults and on weekends for children. Swimming instruction was thus available on a year-around basis.

New programs offered in the junior high gyms included tennis lessons for adults two nights a week, plus free open tennis for residents during the afternoons on weekends. Four new outdoor courts were also available and, for the first time, tennis badges were required. The purpose was to limit the use of all courts to Weston residents.

This year gymnasium facilities (as well as the indoor pool) were opened for daily use during vacation periods, and Saturday morning programs were initiated for junior high girls and grade school boys.

At the outdoor playground programs of arts and crafts, baseball, and other sports continued through the summer as in the past; this year a playground program for 5-7 year olds was begun, conducted during the mornings.

At the Cat Rock ski area two slopes were in operation, one for beginners and one for advanced skiers. A new tow rope was installed on the main slope and, due to the potential danger, several trees were removed from the lower slope.

At Foote's Pond, in its second full year of use, off-street parking was provided with the cooperation of the Water and Conservation departments. Removal of snow was contracted to be done within 24-hours of a storm, ice thickness permitting.

During the year land on Highland Street owned by Whitney Nolte and specified for recreational use was acquired by the Commission.

At the March 1970 Town Meeting, Gail Road became a public way, and during the early summer the road was extended to meet a pre-existing but largely inaccessible baseball field. In the future

this field will be scheduled for use by the Weston Baseball League and the Weston Softball League (field use for these leagues is scheduled through the Recreation Commission).

With permission of the School Committee the baseball field at the Field School was cut down by members of the softball league, and is now suitable for softball and little league use. The Commission made repairs on the fence at Cat Rock, the major league field of the Weston Boys' Baseball League.

At the 1970 Town Meeting, the Recreation Commission requested the Town to form an "Outdoor Swimming Facilities Committee" to solve the problem of turbidity in Memorial Pool. The Commonwealth requires four feet of visibility in water at bathing beaches, and Weston must conform to this regulation or see Memorial Pool closed. The Committee so requested was voted and funded and, working with the Recreation Commission and the Finance Committee, will offer proposals at the 1971 Town Meeting to solve the outdoor swimming problem.

During 1970 Memorial Pool operated on a full-time although slightly restricted basis with a one-year variance granted by the Board of Health.

In 1970, the Recreation Commission published a complete compilation of programs and schedules, the "Blue Book." An updated Blue Book, with all schedules for 1971-72 recreation programs, will be published this spring. Residents are advised to consult their Blue Books through out the year. When listed schedules are altered, notification is made through the newspapers.

During 1971, budget permitting, the Recreation Commission intends to install a simple lighting system for evening play at the outdoor basketball court at the Field School, and will renovate ball fields at Cat Rock, Cherrybrook, and Brook Road. (During 1970, at the request of the Recreation Commission, the School Committee budgeted funds to begin renovation of school fields; work has been completed on the heavily-used Brook School field.) The Commission hopes, too, to further develop the usability of Foote's Pond for ice skating, and will offer swimming instruction at the indoor pool in a special program for handicapped children of Weston.

## **REPORT OF THE OUTDOOR SWIMMING FACILITIES COMMITTEE**

Created by action under Article 16 of the Annual Town Meeting of March 30, 1970, the Outdoor Swimming Facilities Committee began work on May 20, 1970. The charge to the committee is "to investigate and study the outdoor swimming facilities of the Town" . . . for which \$6,000 was appropriated.

A considerable body of written history relating to Memorial Pool was reviewed. Investigation by the committee included inspection of a number of existing pools, interviews with several people with relevant expertise, and a search for published material about clarity in natural-based pools.

Liaison was maintained with the Recreation Commission and a joint meeting was held with several members of the Recreation Commission and Finance Committee. Services previously contracted for by the Recreation Commission to determine feasibility of a reverse pumping scheme were paid for out of the WOSFC appropriation. Results of tests made show that reverse pumping is not a feasible solution to the problem.

The consulting engineering firm of Weston & Sampson was engaged September 3, 1970, to provide certain technical services to the committee. The time estimated to complete the requirements of the contract was about 60 days. As of December 31, 1970, the final report was not in the hands of the committee.

(For additional information see the report of the Board of Health.)

# Unclassified

## REPORT OF THE WESTON-ROMBAS AFFILIATION COMMITTEE

The high spot in this year's Weston-Rombas Affiliation program was the April visit of the Mayor of Rombas, M. Armand Nass and his charming wife. The town Selectmen honored M. and Mme. Nass with a reception at the Jones House and old and new friends of Rombas enjoyed the visitors in their homes. Many citizens of Weston have been warmly welcomed in Rombas through the years and it was a great pleasure to express our appreciation for the inimitable French hospitality extended to them.

The Nass's son, Michel, and Sylvie Cueillette, Rombas representatives for the year 1969-1970 returned to France during the summer. Bruno Deliens from Ohain, Belgium, and Regina Elnecape, Porto Alegre, Brazil, students under the expanded exchange program, traveled home at the end of the school term.

Kathy Luneau, last year's Weston student in Rombas, returned to Weston after a tour of Greece to attend Bryn Mawr College. Kim Kirjassoff, guest of the Deliens in Belgium, is now attending Antioch College.

In August, Kimberly Coburn became the new young Weston ambassador to Rombas while John Littlefield flew to Belgium to live with the deBrabandere family in Rosieres. New students in Weston under the program this year are Daniele Wypych, Rombas, Baudouin deBrabandere, Belgium and Helenita Buenos Santos from Brazil.

As is traditional, these young foreign visitors were featured speakers at the annual United Nations Day dinner in October. Their amusing and interesting impressions of life as exchange students were, as always, enthusiastically received.

Fund raising this year took a new twist. In addition to the annual appeal to the town by letter, the Affiliation sponsored a gourmet dinner prepared by John Williams and several Weston High School students. Sufficient money was raised to support costs of transportation, insurance, and incidental expenses, such as trips for the students to visit Washington, D.C. and the U.N. in New York.

1970 was a good year for the Affiliation and a large measure of its success was due to support by the many families in Weston who graciously opened their homes to the visiting students. The Committee wishes to express its appreciation to the following families who were hosts during 1970:

Mr. and Mrs. Zaki Abdu-Nabi  
Mr. and Mrs. James Butler  
Mr. and Mrs. Frederick Brasco  
Dr. and Mrs. Allan D. Callow  
Mr. and Mrs. Robert Carlson

Mr. and Mrs. Edward Coburn  
Dr. and Mrs. William Cochran  
Mr. and Mrs. Clem Collins  
Mr. and Mrs. William Ferguson  
Mr. and Mrs. Frank Gardiner  
Mr. and Mrs. Daniel Gray  
Mr. and Mrs. Gordon Kirjassoff  
Mr. and Mrs. Arthur F. Kuehn  
Dr. and Mrs. John Littlefield  
Mr. and Mrs. Norman Lowell  
Mr. and Mrs. John Luneau  
Mr. and Mrs. George Pink  
Mr. and Mrs. Earle W. Pughe  
Mr. and Mrs. Norman Saunders  
Mr. and Mrs. Joseph Shea  
Mr. and Mrs. Lawrence M. Tilton  
Dr. and Mrs. Robert True  
Dr. and Mrs. Malcolm Wetherby  
Mr. and Mrs. Fred Willis

# Water Department

## REPORT OF BOARD OF WATER COMMISSIONERS

Water Department records show that water pumped during the year 1970 amounted to 408,121,720 gallons. A comparison with pumpage during 1969 of 427,890,920 gallons shows a decrease of almost 20 million gallons. We believe the difference can be traced to cooler and rainier weather conditions during the late spring and summer of 1970. The fact that the Department has been able to locate and repair several massive leaks in the system would also account for the decline in water consumed during the past year.

A radical growth in the chloride content of water pumped from the town's Nickerson Field Well has necessitated the removal of that facility from service in order to protect the public health. The Water Commissioners, as well as other concerned officials and boards of the town, are proceeding with measures to locate the sources of the pollutants and will undertake whatever corrective actions may be available.

Several extensions of mains within the distribution system were installed during the year, the longest of which is a 4,200 foot section of 16-inch main laid in Wellesley Street and extending from South Avenue to the Chestnut Street area. Also, the existing 8-inch main in Highland Street between Love Lane and the Boston Post Road was replaced with a 12-inch main. These new sections of main should improve the volume and pressure of water passing through important parts of the distribution system and will render a higher capacity for fire protection in some quarters of the town. Other extensions were installed in Norumbega Road, Summer Street, Birch Lane, Cabin Road, Greenridge Road, Terrace Road and Walnut Road.

The Department's program for the replacement of old and defective meters has continued and should result in an increase in revenues from water sold.

During the past year 28 new service connections were added to the system representing a decrease of 30 from the previous year, a fact which reflects the decrease in housing starts undertaken in 1970.

Set forth on the opposite page are the comparative statistics for 1969 and 1970.

# Comparative Statistics

Gallons Water Pumped	1970	1969
Nickerson Field	31,807,800	252,116,000
Fitzgerald Well	57,865,500	0

# Town Records, 1970 Condensed

## ANNUAL MEETING — MARCH 28, 1970

Pursuant to a warrant duly served the annual town meeting was called to order in the cafeteria of the Weston Senior High School at 8:00 A.M., March 28, 1970, for action on Article 1.

**Article 1.** To bring in their votes for the following town officers to be voted for on one ballot:

	For term of
A moderator	One year
One selectman	Three years
One assessor	Three years
Two members of the school committee	Three years
One member of the school committee to fill vacancy	One year
One library trustee	Three years
One member of the board of health	Three years
One commissioner of trust funds	Three years
Three measurers of lumber	One year
One water commissioner	Three years
One member of the planning board	Five years
A tree warden	One year
Two members of the recreation commission	Three years

And to give their votes Yes or No on the following question which will appear on the ballot:

Question No. 1: "Shall the Town, in addition to the payment of fifty per cent of a premium for contributory group life and health insurance for employees in the service of the Town and their dependents, pay a subsidiary or additional rate?"

The results of the election were as follows:

### Moderator (for one year)

Henry Wheeler, 29 Winsor Way, Caucus Nominee .....	1529
Scattering .....	1
Blank .....	221

### Selectman (for three years)

G. Ronald Kesinger, 240 Ridgeway Road, Caucus Nominee .....	638
Peter A. Reiman, 51 Bradyll Road, Caucus Nominee .....	1075
Scattering .....	2
Blank .....	36

### Assessor (for three years)

Gerard L. Swope, 56 Gun Club Lane, Caucus Nominee .....	1469
Scattering .....	1
Blank .....	281

### **School Committee (for three years)**

Edward E. Phillips, 83 Webster Road, Caucus Nominee .....	1126
Peter H. Richardson, 38 Fairview Road, Caucus Nominee .....	1138
Charles M. Sutherland, 20 Nobscot Road, Caucus Nominee .....	831
Scattering .....	1
Blank .....	406

### **School Committee (for one year — to fill vacancy)**

Molly Apple Levin, 4 Pond Brook Circle, Caucus Nominee .....	1353
Scattering .....	3
Blank .....	394

### **Library Trustee (for three years)**

Grant M. Palmer, Jr., 7 Hill Top Road, Caucus Nominee .....	1554
Scattering .....	1
Blank .....	196

### **Board of Health (for three years)**

Daniel J. Blacklow, 20 Rolling Lane, Caucus Nominee .....	1546
Blank .....	205

### **Commissioner of Trust Funds (for three years)**

Guy Garland, 95 Rolling Lane, Caucus Nominee .....	1525
Blank .....	226

### **Measurers of Lumber (for one year)**

G. Murray Burke, 37 Wellesley Street, Caucus Nominee .....	1466
C. Arnold Carlson, 42 Golden Ball Road, Caucus Nominee .....	1464
Raymond E. Ogilvie, 1 Warren Avenue, Caucus Nominee .....	1504
Scattering .....	1
Blank .....	818

### **Water Commissioners (for three years)**

William B. Tyler, 111 Loring Road, Caucus Nominee .....	1515
Blank .....	236

### **Planning Board (for five years)**

William A. Elliston, 263 South Avenue, Caucus Nominee .....	1091
F. Douglas Garron, 803 South Avenue, Caucus Nominee .....	594
Scattering .....	1
Blank .....	65

### **Tree Warden (for one year)**

David B. Pollock, 31 Warren Avenue, Caucus Nominee .....	1481
Scattering .....	2
Blank .....	268

### **Recreation Commission (for three years)**

Charles E. Baldwin, III, 131 Newton Street, Caucus Nominee ....	915
G. Alisca Czarnowski, 81a Brook Road, Caucus Nominee .....	1124
Alan J. Lazzari, 316 Conant Road .....	975
Blank .....	488

Question No. 1

"Shall the Town, in addition to the payment of fifty per cent of a premium for contributory group life and health insurance for employees in the service of the Town and their dependents, pay a subsidiary or additional rate?"

Yes	708
No	786
Blank	257

Henry Wheeler, Moderator, called the business meeting to order in the auditorium of the Senior High School on March 30, 1970, at 8:07 P.M. to act on the remaining articles of the warrant. Mr. Wheeler determined and announced the presence of a quorum.

The Moderator stated that in the absence of any objection he would omit reading of the warrant in its entirety at this time. No objection was heard.

Tellers were appointed by the Moderator and sworn to the faithful performance of their duties.

Town election results were read by Henry Wheeler, Moderator.

The following resolutions were adopted unanimously:

**Resolved:** We, the citizens of Weston assembled in annual town meeting, take this occasion to express our appreciation of the faithful and able service to the Town of the following officers:

THOMAS C. PEEBLES, M.D., retiring chairman of the Board of Health, whose judgment and foresight during nine years has kept the Town current with the many changes in the field of public health.

ALICE K. DORRANCE, resigned Treasurer and Collector for the Town, whose dedication to duty and capable administration of her office enhanced the reputation of the Town as a municipality in which governmental necessities were carried out impartially and expeditiously.

MARTHA W. WHITNEY and JAMES ROBBINS, members of the Recreation Commission, during whose tenure in office material advances and innovations have been made in the Town recreation facilities.

RANDOLPH P. RICE and HORACE S. NICHOLS, members of the Finance Committee, whose diligent attention to detail resulted in many savings to the taxpayers of the Town.

LOUIS J. ROEHR, resigned member of the School Committee, who faithfully examined and questioned proposed expenditures for schools and initiated methods which resulted in savings for all tax-paying citizens.

**Resolved:** We, the citizens of Weston assembled in annual town meeting, take this opportunity to express publicly our profound sorrow at the death of STANLEY G. FRENCH, Chairman of the Conservation Commission. Mr. French was one of those most prominent in the steps taken to initiate over a decade ago the development of a town forest and conservation areas in the Town. His continuing interest and persuasive humor brought about many land acquisitions

for the Town with the result that the Town now stands in the forefront of municipalities in Massachusetts which are fulfilling the conservation responsibility to its residents.

**Further resolved:** That this resolution be spread upon the records of the Town and a copy sent to his widow, Mary H. French.

This resolution was adopted by a rising vote and moment of silence.

**Resolved:** We, the citizens of Weston assembled in annual town meeting take this opportunity to express to ROBERT HAYDOCK former member of the Finance Committee, member and present Chairman of the School Committee, our appreciation for his many years of service to the citizens of the Town. Under his capable guidance the Weston school system has developed and matured both in scope of operation and in usefulness to the community as a whole. He has insisted that communication be maintained with other Town committees, the school administration, teachers, the parents of school children and with all residents. He has brought about helpful cooperation with metropolitan sponsored programs but has never forgotten his primary responsibility to encourage and achieve the best schooling available for the future citizens of this Town.

**Further resolved:** That this resolution be spread upon the records of the Town and that a copy be sent to Mr. Haydock.

**Resolved:** We, the citizens of Weston assembled in annual town meeting, regretfully take notice that our first citizen HERMAN KOESTER, JR., former Chairman of the Finance Committee and present Chairman of the Board of Selectmen, has declined reelection as a selectman and will, therefore, end with this town meeting many years of dedicated service to the Town. We take this opportunity to express to him our unanimous appreciation for the extensive amount of time, thought and energy he has expended on behalf of the Town and its residents.

Mr. Koester took office as a selectman with certain definite municipal goals in mind. He has been the chief instrument in achieving some of these objectives. He will be best remembered, however, as the man who successfully guided the Town through the opening stages of collective bargaining with various Town employed groups. The result of his efforts, in all fields, is a modern, forward-looking community, proud of its reputation for efficient government but well aware of its responsibilities both to neighboring communities and to the pressures of change.

We, the citizens of Weston, therefore thank Mr. Koester for his conscientious efforts in our behalf and wish him well in all future undertakings.

**Further resolved:** That this resolution be spread upon the records of the Town and that a copy be sent to Mr. Koester.

**Article 2.** To raise and appropriate such sums of money as may be necessary to defray the costs of government and other town charges for the current year, and to fix the salaries and compensation of elected officers of the Town for the current year.

Mr. Herman Koester, Jr. moved (1): That the several sums of money recommended by the selectmen for appropriation in 1970 in accordance with section 5 of Article II of the by-laws set forth in pages 35 through 56 of the annual town report for 1969, be appropriated for their respective purposes set forth on said pages.

Mr. Harry C. King, 245 Merriam Street, offered the following motion: I move to amend the motion to add an appropriation for improvements to Memorial Pool for the use of the Recreation Commission by inserting on page 51 of the annual town report for 1969 just after the item "Recreation and Parks — Article 16, 3/31/69" an item entitled "Improvements to Memorial Pool" and that the sum of \$39,500 be appropriated for such purpose; that the item "Total for Recreation and Parks" be increased from \$64,919.00 to \$104,419.00; that under the title "Recapitulation" on page 56 of the town report the item "Appropriations Recommended" be increased from \$5,538,531.46 to \$5,578,031.46.

Mr. King's motion was lost by a standing vote of 75 yes, 247 no.

Mr. Koester's original motion was then adopted by a voice vote. The appropriations voted were as follows:

revenue under Article 2(1)		\$5,538,531.46

**Voted (2):** That the rates per year of the salaries of the members of the board of selectmen, the town clerk, the members of the board of assessors, the members of the board of health, and the members of the board of water commissioners be fixed, effective from January 1, 1970, in amounts equivalent to the amounts appropriated for such salaries, respectively, by previous vote under this article; that the compensation of the tree warden be fixed, effective from January 1, 1970, at the rate of \$500.00 per year plus \$8.00 per hour for time spent in supervising trimming of trees by public utilities; and that all other elected officers of the Town be unpaid.

**Voted (3):** That five persons be appointed by the moderator to serve as a Memorial Day Committee in 1970, with authority to expend for the observance of that day the sum of \$500.00 already appropriated for that purpose by previous vote under this article.

**Voted (4):** That five persons be appointed by the moderator to serve as a United Nations Day Committee in 1970, with authority to expend for the observance of that day the sum of \$300.00 already appropriated for that purpose by previous vote under this article.

**Voted (5):** That in purchasing property any allowance made for turning in other property may be applied to the purchase price.

**Article 3.** To authorize borrowing of money in anticipation of revenue and issuance and renewal or refunding of a note or notes therefor.

**Voted:** That the town treasurer, with the approval of the selectmen, be authorized to borrow from time to time in 1970 in anticipation of 1970 revenue, and to borrow from time to time in 1971 in anticipation of 1971 revenue, to an amount not exceeding in either year the amount permitted by General Laws, chapter 44, section 4; and to issue therefor a note or notes each payable within one year from its date, and to renew or refund any note or notes given for a period of less than one year in accordance with General Laws, chapter 44, section 17.

**Article 4.** To transfer money from the overlay reserve fund to the reserve fund.

**Voted:** That the sum of \$25,000.00 be transferred from the overlay reserve fund to the reserve fund.

**Article 5.** To appropriate money from available funds for the purpose of deduction by the assessors in determining the annual assessment of taxes in the current year.

**Voted:** That this article be passed over and so disposed of.

**Article 6.** To appropriate for the support of the Public Library the dog license refund received in the current year and available money from State aid for the Public Library.

**Voted:** That the sum of \$1,532.29, being the amount of the 1970 dog license refund received from the Treasurer of Middlesex County, and the sum of \$2,065.25, being the amount available from State aid for the Public Library, be appropriated for Libraries—Other Expenses, in addition to the amount already appropriated for that purpose by vote under Article 2.

**Article 7.** To appropriate money from available funds in anticipation of state and county reimbursement for chapter 90 highway maintenance and construction.

**Voted:** That the sums of \$3,000.00 and \$22,200.00 be appropriated from available funds to meet that part of the cost of Chapter 90 highway maintenance, and Chapter 90 highway construction, respectively, which falls upon the Commonwealth and Middlesex County; the reimbursements from the Commonwealth and Middlesex County to be restored upon their receipt to available funds.

**Article 8.** To appropriate money, to be provided by borrowing and/or by taxation and/or from other sources, for laying or relaying water mains, and to authorize the issuing of bonds or notes.

**Voted (1):** That the sum of \$125,000.00 be appropriated from available funds to the "Blanket Extensions" account of the Water Department for the use of the water commissioners for laying or relaying water mains not less than six inches but less than sixteen inches in diameter.

**Voted (2):** That the sum of \$30,000.00 be appropriated from available funds for the use of the water commissioners for laying or relaying water mains in Wellesley Street.

**Article 9.** To authorize acquisition by purchase, eminent domain, or gift, for public housing purposes a certain parcel of land in Weston which is bounded and described as follows:—

A parcel lying on the southwesterly side of Concord Road, northwest of the Boston Post Road, starting at the point of intersection of the southern boundary line of the Boston and Maine Railroad and the western boundary line of the easement west of Concord Road; thence south 16 degrees, 33 minutes, 50 seconds east two hundred twenty-five (225) feet; thence at right angles south 73 degrees, 26 minutes, 10 seconds west forty (40) feet; thence south 10 degrees, 26 minutes, 10 seconds west three hundred twenty-five (325) feet; thence at right angles south 19 degrees, 33 minutes, 55 seconds east two hundred five (205) feet, more or less, to the western boundary line of Concord Road (at a point six hundred ten (610) feet, more or less, along the western boundary line of the easement west of Concord Road from the point of beginning); thence southerly along said Concord Road one hundred five (105) feet, more or less; thence north 79 degrees, 33 minutes, 50 seconds west two hundred fifty (250) feet, more or less; thence south 11 degrees, 33 minutes, 50 seconds east six hundred seventy (670) feet, more or less; to the northern boundary line of the land now or formerly of S. D. Bush; thence with Bush's line south 88 degrees, 27 minutes, 40 seconds west three hundred fifteen (315) feet, more or less;

Thence north 1 degree, 44 minutes, 30 seconds west two hundred thirteen and 31/100 (213.31) feet; thence south 68 degrees, 46 minutes, 40 seconds west three hundred thirty-five and 20/100 (335.20) feet; thence north 12 degrees, 23 minutes, 20 seconds west two hundred six and 34/100 (206.34) feet; thence north 65 degrees, 22 minutes 00 seconds west two hundred twelve and 35/100 (212.35) feet; thence north 31 degrees, 18 minutes, 30 seconds east eighteen (18) feet more or less; thence north 38 degrees, 54 minutes, 00 seconds west two hundred forty-six and 59/100 (246.59) feet; thence north 59 degrees, 19 minutes, 30 seconds west four hundred ninety-seven and 55/100 (497.55) feet to an iron pipe; thence continuing along the same line ten (10) feet to Cherry Brook; thence northerly along Cherry Brook two hundred ninety-five (295) feet, more or less, to

the southern boundary line of the Boston and Maine Railroad; thence south 88 degrees, 34 minutes, 20 seconds east fifty-four and  $53/100$  (54.53) feet; thence continuing in an easterly direction along an arc with a radius of two thousand nine hundred fifty-four and  $74/100$  (2,954.74) feet, a distance of eight hundred fourteen and  $37/100$  (814.37) feet; thence north 75 degrees, 38 minutes, 10 seconds east six hundred seventy-seven and  $29/100$  (677.29) feet, more or less to the point of beginning or however otherwise the said parcel may be bounded or described, and that the selectmen be authorized to acquire said premises subject to such terms and conditions as they may approve — that the selectmen be authorized in the name and behalf of the Town to take any options and make any purchase and other contracts suitable to the acquisition thereof, and that for the use of the selectmen for the acquisition thereof, the sum of \$150,000.00 be appropriated of which \$25,000.00 be appropriated from available revenue funds, and \$125,000.00 to be raised by borrowing inside the statutory debt limit, or otherwise as permitted by law, to which end the town treasurer, with the approval of the selectmen be authorized to prepare, issue and sell bonds or notes of the Town at one time or from time to time, and to determine in conformity to law the period of the loan or loans, all particulars as to the form, issue, and sale of said bonds, or notes, their annual maturities, and the rate and times of payment of interest on them, or to take any other action relative thereto.

Mr. Muldoon moved: That this town meeting do now resolve itself into a committee of the whole to take under consideration the subject matter of Article 9 as set forth in the warrant for this meeting, and to hear a report concerning the same.

Mr. Muldoon's motion lost on a voice vote.

Mr. Muldoon then offered a second motion: Moved to suspend rules for the purpose of hearing a report.

After a conference with the Moderator and Town Counsel, Mr. Muldoon withdrew this motion and moved that this article be passed over and so disposed of.

After discussion it was voted: That this article be passed over and so disposed of.

Article 10. To appropriate funds for the use of the Board of Selectmen acting itself or through a committee to be appointed by it, to be used for studying and making recommendations to the Town concerning the housing needs and possibilities of the town including, but not limited to, the employment of consultants, engineers and attorneys; the compilation of a housing census; the survey of and investigation of land suitable for multiple housing; consultation with the Planning Board and other Town officers and committees; the recommendation of zoning changes related to multiple housing to the Planning Board; consultation with private and/or public persons, organizations, churches, non-profit corporations, the Commonwealth of Massachusetts and the United States of America with a view to

ascertaining financial and organizational means to carry out any recommendations contemplated to be made; the consideration of a housing authority for the Town; such other studies, investigations and consultations as seem desirable or necessary to the Board of Selectmen or its committee to effect the purpose of this Article.

**Voted:** That the sum of \$2,000.00 be appropriated for the use of the Board of Selectmen for the purposes set forth in Article 10 of the warrant for this meeting.

**Article 11.** To accept the layout of Gail Road as a public town way made by and described in an order of the selectmen adopted on March 17, 1970, on file in the office of the town clerk.

**Voted unanimously:** That the town accept the layout of Gail Road as a public town way made by and described in an order of the selectmen adopted on March 17, 1970, on file in the office of the town clerk.

**Article 12.** To accept an alteration of Brown Street made by and described in an order of the selectmen adopted on March 17, 1970, on file in the office of the town clerk.

**Voted:** That the Town accept an alteration of Brown Street made by and described in an order of the selectmen adopted on March 17, 1970, on file in the office of the town clerk.

**Article 13.** To authorize the sale and conveyance of a parcel of land of the Town containing 70,299 square feet more or less, situated on the northerly side of Brown Street between land of Charles J. Paine Estate and westerly line of Wellesley Street and shown on "Plan of land in Weston, Massachusetts" dated March 9, 1970, prepared by Kenneth B. Oates, Town Engineer; and to specify the minimum amount to be paid therefor.

**Voted unanimously:** That the selectmen be authorized to sell to the Trustees under the will of Charles J. Paine for a sum not less than \$1,455.20 a parcel of land of the Town containing 70,299 square feet more or less, situated on the northerly side of Brown Street between land of Charles J. Paine Estate and westerly line of Wellesley Street and shown on "Plan of land in Weston, Massachusetts," dated March 9, 1970, prepared by Kenneth B. Oates, Town Engineer; that the Selectmen be authorized in the name and behalf of the Town to make any sales and other contracts and execute and acknowledge any deed or deeds required to effect such sale.

**Article 14.** To accept either or both of layouts of Wood Ridge Road and Wood Ridge Circle as public town ways made by and described in orders of the selectmen adopted on March 17, 1970, on file in the office of the town clerk.

**Voted unanimously:** That the Town accept layouts of Wood Ridge Road and Wood Ridge Circle as public ways made by and described in orders of the selectmen adopted on March 17, 1970, on file in the office of the town clerk.

**Article 15.** To appropriate money for the use of the assessors for an expert appraisal of taxable property to be contracted for by the assessors under General Laws, chapter 40, section 4, as amended.

Mr. Stephen Moulton offered the following motion: That the sum of \$34,000.00 be appropriated for an expert appraisal of taxable property to be contracted for by the assessors under General Laws, chapter 40, section 4, as amended.

Robert S. Sturgis, 5 Doublet Hill Road, moved to postpone indefinitely.

Mr. Sturgis' motion was lost on a standing vote: yes 110, no 147.

Mr. Moulton's motion was adopted by a voice vote. As adopted this vote is as follows:

**Voted:** That the sum of \$34,000.00 be appropriated for an expert appraisal of taxable property to be contracted for by the assessors under General Laws, chapter 40, section 4, as amended.

**Article 16.** To establish a special committee, to be appointed by the moderator, to investigate and study the outdoor swimming facilities of the Town and to appropriate money for the use and purposes of such committee.

**Voted:** That a special committee of five citizens of the Town to be known as the Outdoor Swimming Facilities Committee be established (and continued in office until discharged by the Town) to investigate and study the outdoor swimming facilities of the Town; that the moderator appoint the members of the committee and fill any vacancies in its membership; and that the sum of \$6,000.00 be appropriated for the use and purposes of the committee.

**Article 17.** To appropriate additional funds for the use of the selectmen for a study of vehicular and pedestrian traffic.

**Voted:** That the additional sum of \$2,500.00 be appropriated for the selectmen for a study of vehicular and pedestrian traffic.

**Article 18.** To amend the by-laws of the Town by adding to Article II thereof a new section to be numbered 13, as follows:

**Section 13.** In the event specific Town authorization is not required by law, appropriate boards, committees and officers of the Town are authorized to enter into contracts in behalf of the Town with the Commonwealth and the United States of America and with cities, towns, counties and districts of the Commonwealth and other public bodies or with their agents, committees or officers, or any

or all of them, which contracts are in exercise of the Town's powers, and call for services, activities or undertakings the Town is authorized by law to perform; **provided, however,** that appropriations for expenditures to be made under such contracts have been duly authorized by the Town. The term of contracts entered into under the authority of this section shall not exceed three years unless a longer or shorter period of time is specifically authorized by law.

**Voted:** That the by-laws be amended by adopting and adding to Article II thereof a new section to be numbered 13 which shall be in the form appearing in Article 18 of the warrant for this meeting.

**Article 19.** To establish a committee, to be appointed by the moderator to erect and construct a service garage for school buses, and an additional garage or an addition to the garages for highway vehicles; to perform such other responsibilities in connection with the construction of Town buildings as may from time to time be voted by the Town; and to appropriate money, to be provided by borrowing and/or taxation and/or from other sources, for the use and purposes of the committee.

**Voted (1):** That a committee of five citizens of the Town, to be known as the Town Building Committee, be established and continue in office until discharged by the Town; that the members of such committee be appointed by the moderator for a term of three years on a rotating basis, the initial appointments of the members of such committee to be one member for a term of one year, two members for a term of two years and two members for a term of three years; members of the committee may be reappointed and the moderator shall fill any vacancies in the membership of the committee.

**Voted unanimously (2):** That the Town Building Committee established by the previous vote under this Article 19 be at this time authorized to erect and construct a service garage for school buses and an additional garage or an addition to the garages for highway vehicles and to advise, upon request, any officer or committee of the Town concerning the planning for or construction of any building authorized or anticipated to be authorized by the Town; and that the sum of \$85,000.00 be appropriated for the use and purposes of the Town Building Committee, of which \$10.69 be transferred from the balance for Municipal Garage — Construction; \$738.55 be transferred from the balance for Municipal Garage — Addition; \$9,250.76 be raised in the 1970 tax levy; and \$75,000.00 be raised by borrowing inside the statutory debt limit under the authority of chapter 44 of the General Laws, as amended, to which end the town treasurer, with the approval of the selectmen, be authorized to prepare, issue and sell bonds or notes of the Town at one time or from time to time, and to determine in conformity to law the period of the loan or loans, all particulars as to the form, issue, and sale of said bonds or notes, their annual maturities, and the rate and times of payment of interest on them.

**Article 20.** To authorize the Town to enter into contracts with the City of Waltham for participation in a youth resources board and with the appropriate department of the United States and of the Commonwealth for participation in the TOPICS program (Traffic Operations Program To Increase Capacity and Safety); and to appropriate money therefor,

Voted: That the selectmen be authorized to enter into contracts in the name and behalf of the Town with the City of Waltham for participation in a Youth Resources Board (for which funds have been previously appropriated by the Town) and with the Commonwealth of Massachusetts Department of Public Works for participation in the TOPICS program (Traffic Operations Program to Increase Capacity and Safety) of the United States Department of Transportation, Bureau of Public Roads, the selectmen to negotiate and establish in conformity with law as required from time to time, the conditions and terms of such contracts.

Upon motion duly made and seconded the meeting was dissolved at 11:06 P.M.

## STATE PRIMARY — SEPTEMBER 15, 1970

Pursuant to a warrant duly served the State Primary was held on September 15, 1970, in precinct 1 in Basement of St. Peter's Episcopal Church, 320 Boston Post Road and in precinct 2 in Gymnasium of Field School, School Street. The polls were open from 7:00 A.M. to 8:00 P.M. Total ballots cast were as follows:

### QUESTION NO. 1

#### PROPOSED AMENDMENT TO THE CONSTITUTION

Do you approve of the adoption of an amendment to the constitution summarized below, which was approved by the General Court at a joint session of the two branches held July 15, 1968, received 155 votes in the affirmative and 98 in the negative, and in a joint session of the two branches held May 14, 1969, received 147 votes in the affirmative and 119 in the negative?

Yes	671	883	1554
No	1224	1558	2782
Blank	203	205	408

#### Summary

The proposed amendment to the Constitution authorizes the Legislature to classify real property according to uses, and authorizes the assessment, rating and taxation of real property at different rates in the different classes so established, but proportionately in the same class. The amendment further authorizes the granting of reasonable exemptions and abatements.

### QUESTION NO. 2

#### PROPOSED AMENDMENT TO THE CONSTITUTION

Do you approve of the adoption of an amendment to the constitution summarized below, which was approved by the General Court in a joint session of the two branches held October 9, 1967, received 237 votes in the affirmative and 0 in the negative, and in a joint session of the two branches held May 14, 1969, received 262 votes in the affirmative and 4 in the negative?

Yes	1584	2033	3617
No	399	486	885
Blank	115	127	242

#### Summary

The proposed amendment to the Constitution abolishes the requirement that in order to vote in a state election a person must have resided within the Commonwealth one year. If amended, the Constitution would require only that a voter have resided six months in the town or district in which he claims a right to vote.

### QUESTION NO. 3

#### PROPOSED AMENDMENT TO THE CONSTITUTION

Do you approve of the adoption of an amendment to the constitution summarized below, which was approved by the General Court in a joint session of the two branches held October 9, 1967, received 142 votes in the affirmative and 102 in the negative, and in a joint session of the two branches held May 14, 1969, received 222 votes in the affirmative and 49 in the negative?

	Precinct		Total
	One	Two	
Yes	1182	1483	2665
No	804	1031	1835
Blank	112	132	244

#### Summary

The proposed amendment to the Constitution reduces the minimum age for voting in a state election from twenty-one to nineteen

### QUESTION NO. 4

#### PROPOSED AMENDMENT TO THE CONSTITUTION

Do you approve of the adoption of an amendment to the constitution summarized below, which was approved by the General Court in a joint session of the two branches held July 15, 1968, received 181 votes in the affirmative and 66 in the negative, and in a joint session of the two branches held May 15, 1969, received 208 votes in the affirmative and 54 in the negative?

Yes	1071	1458	2529
No	666	799	1465
Blank	361	389	750

#### Summary

The proposed amendment to the Constitution amends the existing constitutional provisions which direct the division of the Commonwealth into 240 representative districts and 40 senatorial districts. It provides for a census of the inhabitants of each city and town in the Commonwealth and in the year 1971 and in every tenth year thereafter. The census in 1971 is to be the basis for determining the representative and senatorial districts for the ten-year period beginning January 1, 1975. Each subsequent census shall be the basis for determining the districts for each ten-year period beginning the fourth January following each census, so that the census in 1981 will determine the districts as of January, 1985, etc.

The amendment provides that the house of representatives shall consist of two hundred and forty members and the senate of forty members. In its first regular session following each census, the Legislature shall divide the Commonwealth into two hundred and forty representative districts of contiguous territory and forty senatorial districts also of contiguous territory. Each representative district

shall contain, as nearly as may be, an equal number of inhabitants according to the census. Each senatorial district shall also contain as nearly as may be an equal number of inhabitants according to the census. A representative district shall not unite two or more counties, towns, or cities, or parts thereof, or a city and a town, or parts thereof, in one district unless the same is unavoidable. Further, no town of less than six thousand inhabitants shall be divided in forming representative districts. It is also provided that the County of Dukes County and Nantucket County, shall each be a representative district, notwithstanding the foregoing. The senatorial districts, each of which shall elect one Senator, shall be formed without uniting two counties or parts of two or more counties, unless the same is unavoidable.

Each representative shall be an inhabitant of the district for which he is chosen at least one year immediately preceding his election, and each senator shall be an inhabitant of the district for which he is chosen at the time of his election and shall have been an inhabitant of the Commonwealth for at least five years immediately preceding his election. Any representative or senator who ceases to be an inhabitant of the Commonwealth shall cease to represent his district.

The amendment also provides that the Legislature (1) may by law limit the time within which judicial proceedings may be instituted calling in question any such division and (2) shall prescribe by law the manner of calling and conducting elections for the choice of representatives and of ascertaining their election.

Finally, the amendment annuls the existing constitutional provisions with respect to apportionment of representative and senatorial districts, although those provisions will remain in effect until January 1, 1975.

**QUESTION NO. 5**  
**MULTIPLE CHOICE QUESTION**

Which one of the following do you prefer with reference to the future course of action by the United States in Vietnam?

To vote on this question mark a cross X in the square at the right of the subdivision you prefer. DO NOT VOTE FOR MORE THAN ONE.

Ballots were cast in Central Polling Place by eighteen persons qualified to vote by reason of more than six months' residence but less than one year's residence. These ballots were impounded and not counted under order of a federal court in force at the time of the State Election.

**THE FOLLOWING SELECTED VOTES WERE ADOPTED  
BY THE BOARD OF SELECTMEN IN 1970**

**January 6, 1970:**

**Voted** to accept the proposal of the Lexington Press, Inc., Lexington, Mass., dated December 30, 1969, submitted pursuant to Notice to Bidders advertised December 23, 1969, in The News-Tribune, Waltham, Mass., for printing the 1969 Weston Town Report at the unit prices set forth in the proposal for an estimated cost of \$4,088.92 based on the number of pages, at each price, assumed for bid comparison purposes only.

**January 13, 1970:**

**Voted** that the Traffic Rules and Orders of the Town of Weston adopted by the Board of Selectmen September 10, 1956, are hereby amended as follows:

Article VIII, Section 8 is amended by adding to Schedule 3 thereof the following locations:

Beaver Road — for north- and southbound drivers at Radcliffe Road.

(Authorizes isolated Stop signs at this location.)

**Voted** to approve and sign purchase and sale agreement for acquisition of 45 acres of land located on Highland Street from Whitney R. Nolte for Town Forest and Recreation purposes for the sum of \$75,000.

**January 19, 1970:**

**Voted** to designate polling place for annual election of Town officers as Cafeteria of Weston Senior High School and further voted to authorize and cause the notice to be posted and mailed to all registered voters as required by General Laws, Chapter 54, Section 24.

**February 4, 1970:**

**Voted** that the Town Treasurer with the approval of the Selectmen borrow \$55,000 authorized by vote of the annual town meeting, March 31, 1969, under Article 15, for acquisition of lands for a public domain or domains to be used as a Town forest or forests by the issue and sale of a note or notes.

Proposals for the purchase of two notes were received. The bid of Newton-Waltham Bank and Trust Company for purchase of two notes at an interest rate of 5.50 per cent per annum at par and accrued interest to date of delivery being considered to be the lowest and most favorable bid, on motion duly made and seconded, it was **voted** that two notes, one in the amount of \$30,000 and one in the amount of \$25,000 authorized to be issued by vote of the Town duly adopted March 31, 1969, and by vote of the Selectmen earlier at this meeting shall be issued, shall be dated February 2, 1970, shall mature, respectively, December 1, 1970, and December 1, 1971, that the interest

rate on said notes shall be fixed at 5.50 per cent per annum and that the Director of Accounts of the Bureau of Accounts of the Commonwealth shall certify as to the genuineness of said notes.

Further voted to approve the sale of said notes (Nos. 499 and 500) to Newton-Waltham Bank and Trust Company at par and accrued interest to date of delivery and that the Town Treasurer be and she hereby is authorized to deliver said note to the aforesaid purchaser.

Further voted to sign said notes which were accordingly signed.

#### February 10, 1970:

Voted that the Town Treasurer with the approval of the Selectmen borrow \$65,000 authorized by vote of the special town meeting, June 12, 1969, under Article 4 for additional departmental equipment to be used in the conversion of the present Junior High School for use as an elementary school by the issue and sale of a note or notes.

Proposals for the purchase of two notes were received. The bid of New England Merchants National Bank of Boston for the purchase of the notes at an interest rate of 5.70 per cent per annum at par and accrued interest to date of delivery being considered to be the lowest and most favorable bid, on motion duly made and seconded, it was voted that two notes, one in the amount of \$50,000 and one in the amount of \$15,000, authorized to be issued by the vote of the Town duly adopted June 12, 1969, and by vote of the Selectmen earlier at this meeting shall be issued, shall be dated February 11, 1970, shall both mature November 1, 1970, that the interest on said notes shall be fixed at 5.70 per cent per annum, and that the Director of Accounts of the Bureau of Accounts of the Commonwealth shall certify as to the genuineness of said notes.

Further voted to approve the sale of said notes (Nos. 501 and 502) to New England Merchants National Bank of Boston at par and accrued interest to date of delivery and that the Town Treasurer be and she hereby is authorized to deliver said notes to the aforesaid purchaser.

Further voted to sign said notes which were accordingly signed.

Voted to approve for removal of ice and snow, upon petition of abutters, the private way Chadwick Road.

The board considered laying out Gail Road, Wood Ridge Road and Wood Ridge Circle as public town ways in whole or in part.

Voted that written notices of intention to make such layouts and of hearings to be held thereon at the Town Hall on Tuesday, March 3, 1970, be served by a police officer on behalf of the Board.

The Board considered an alteration of Brown Street, a public town way. Voted that written notice of intention to make such alteration and of a hearing to be held thereon at the Town Hall, Tuesday, March 3, 1970, be served by a police officer on behalf of the Board.

### **March 3, 1970:**

Pursuant to notices issued under date of February 23, 1970, the Board held hearings at the Town Hall on the proposed layouts of Gail Road, Wood Ridge Road and Wood Ridge Circle, and on the proposed alteration of Brown Street.

### **March 10, 1970:**

**Voted** to accept the proposal of West End Chevrolet, Inc. of Waltham, Mass., dated March 6, 1970, submitted pursuant to notice to bidders advertised in The News-Tribune, Waltham, Mass., February 27, 1970, for furnishing in accordance with Notice to Bidders, Information and Instructions, Specifications and Proposal form one new 1970 Chevrolet sedan, model 15369, for use of the Highway Department for the sum of \$2,175.89. This was the lowest bid received pursuant to advertising.

### **March 17, 1970:**

**Voted** to adopt and sign the warrant for the annual town meeting to be held on Saturday, March 28, 1970, to act on Article 1, and on Monday, March 30, 1970, to act on the remaining articles and that attested copies thereof be posted at the Town Hall, at the Kendal Green railroad station, and on the town bulletin board at the north entrance of the Weston High School on Wellesley Street. The warrant was accordingly signed.

A report having been received from the Planning Board concerning proposed layouts of Wood Ridge Road, Wood Ridge Circle, and Gail Road, upon motion duly made and seconded, the Board **voted** to adopt and sign the layout orders and accompanying plans for Wood Ridge Road, Wood Ridge Circle and Gail Road, and directed that such orders and plans be filed forthwith with the Town Clerk.

A report having been received from the Planning Board concerning a proposed alteration of Brown Street, a public town way, upon motion duly made and seconded, the Board **voted** to adopt and sign the alteration order of Brown Street with accompanying plan, and directed that such Brown Street alteration order and plan be filed forthwith with the Town Clerk.

The Board of Selectmen received from the Conservation Commission a letter dated March 14, 1970, requesting that certain property described in said letter be taken by eminent domain for conservation purposes. Upon motion duly made and seconded, it was voted to adopt and sign orders of takings for land belonging to David B. Colpitts and John M. and Mary W. Michaels, which land is shown as Lots A and C, respectively, on a plan of land entitled, "Plan of Land in Weston, Massachusetts," dated February 27, 1970, by Kenneth B. Oates, Town Engineer, Weston, Massachusetts; to award \$3,000.00 to David B. Colpitts as damages and \$2,300.00 to John M. and Mary

W. Michaels as damages, such damages being the amounts set forth in an appraisal by Martin J. Coleman dated February 15, 1970, and filed with the Board; and directed that the two orders of taking with accompanying plan be filed forthwith with the Town Clerk and thereafter recorded as required by law at the Middlesex South Registry, notice of such taking and damages awarded to be sent to the two owners in accordance with statute.

Upon motion duly made and seconded, the Board voted to execute a Purchase and Sale Agreement with John W. Boyd and Lucy D. Boyd for the purchase for conservation purposes of Lots B and D on the plan described in the previous vote for a consideration of \$9,500.00

#### April 2, 1970:

The meeting considered the \$550,000 School Remodeling Bonds authorized to be issued by vote of the Town duly adopted at the June 12, 1969, Special Town Meeting. The Town Treasurer reminded the meeting that it had been informally decided that she should cause said bond issue to be advertised for sale by circularizing leading investment bankers and banks situated in New England, New York, and other financial centers. She reported that she had done so and that the following were all the bids received for the purchase of said bonds, each bid including interest accrued to date of delivery, namely,

Bidder	Price
5.20%	
Putnam, Coffin, Doolittle, Newburger	100.346
White, Weld & Co.	
F. S. Moseley & Co.	100.105
Boston Safe Deposit and Trust Company	100.07123
Van Kampen Wauterlek & Brown, Inc.	100.0649
5.25%	
New England Merchants National Bank of Boston	100.069
5.30%	
The National Shawmut Bank of Boston	
Lamb & Co., Inc.	100.254
The First National Bank of Boston	100.087

Thereupon, after full discussion and upon motion duly made and seconded, it was unanimously Voted: That the action taken by the Town Treasurer in advertising the \$550,000 School Remodeling Bonds authorized by vote adopted under Article 4 at the June 12, 1969 Special Town Meeting, be and it hereby is ratified, confirmed, approved and adopted;

That said bonds shall be dated as of April 1, 1970, shall mature \$55,000 on April 1 in each year 1971 to 1980 inclusive, shall be in the denomination of \$5,000 each and shall be numbered 1 to 110;

That the New England Merchants National Bank of Boston shall certify as to the genuineness of said bonds and shall be paying agent therefor;

That the interest rate on said bonds be and it hereby is fixed at 5.20 per cent, per annum payable semiannually; and

That the bid of Putnam, Coffin, Doolittle, Newburger to purchase said bonds, bearing interest at the aforesaid rate, at the price of 100.346 and interest accrued to date of delivery, being the best bid received for said bonds, be and it hereby is accepted and the Town Treasurer be and hereby is authorized to deliver said bonds to the aforesaid purchaser or order against payment therefor.

**Voted** to authorize the Treasurer to use facsimile signatures of the Selectmen in printing bonds to be issued for School Remodeling (Loan No. 16) and to sign a letter of authorization to this effect. The letter was accordingly signed.

**April 7, 1970:**

**Voted** to approve and sign an agreement with Massachusetts Department of Public Works entitled "TOPICS Agreement — Exhibit A No. 2245." The agreement was accordingly signed.

**April 10, 1970:**

**Voted** that the Town Treasurer with the approval of the Selectmen borrow \$500,000 by the issue and sale of notes in anticipation of revenue as authorized by vote of the annual town meeting held on March 30, 1970, under Article 3.

**Further voted** that five notes, each in the amount of \$100,000, authorized to be issued by vote of the Town duly adopted March 30, 1970, and by vote of the Selectmen earlier in this meeting shall be issued, shall be dated April 17, 1970, shall mature November 4, 1970, that the interest rate shall be fixed at 4.00 per cent per annum discounted at date of issue, and that the Director of Accounts of the Bureau of Accounts of the Commonwealth shall certify as to the genuineness of said notes.

**Further voted** to approve the sale of said notes (Nos. 503-507) to Newton-Waltham Bank and Trust Company at par less interest discounted plus premium of \$1.00 and that the Town Treasurer be and she hereby is authorized to deliver said notes to the aforesaid purchaser.

**Further voted** to sign the said notes which were accordingly signed.

**April 16, 1970:**

**Voted** to accept the proposal of Hogan Motors, Inc., of West Concord, Mass., dated April 10, 1970, submitted pursuant to notice to bidders advertised in The News-Tribune, Waltham, Mass., April 2, 1970, for furnishing in accordance with Notice to Bidders, Informa-

tion and Instructions, Specifications and Proposal form three new 1970 Plymouth station wagons, Model PK45 for use of the Police Department for the sum of \$12,535.95 less trade-in allowance of \$3,997.55 for three used 1969 Chevrolet station wagons, Model 15436, making a net cost to the Town of Weston of \$8,538.40. This was the lowest net bid received pursuant to advertising.

**April 28, 1970:**

The Board of Selectmen considered orders of taking in connection with Gail Road, Wood Ridge Road and Wood Ridge Circle, layouts of which were accepted at the 1970 annual town meeting.

**Voted** to adopt and sign the three orders of taking, relative to the roads and to file them in the office of the Town Clerk.

**Further voted** that within thirty days the Town Counsel record and register at the Registry of Deeds certified copies of the three orders of taking and of the plans made part thereof. The documents were accordingly signed.

The Board also considered a certificate of an alteration order with respect to Brown Street, an alteration of which was accepted at that town meeting. **Voted** to authorize the certification of such order by the secretary of the Board of Selectmen. **Further voted** that Town Counsel register and record at the Registry of Deeds said certificate. The certificate was accordingly signed by the secretary.

**May 26, 1970:**

**Voted** that the Town Treasurer with the approval of the Selectmen borrow \$500,000 by the issue and sale of notes in anticipation of revenue as authorized by vote of the annual town meeting held on March 30, 1970, under Article 3.

**Further voted** that eight notes, one in the amount of \$250,000, three in the amount of \$50,000 and four in the amount of \$25,000, authorized to be issued by vote of the Town duly adopted March 30, 1970, and by vote of the Selectmen earlier in this meeting shall be issued, shall be dated June 3, 1970, shall mature November 4, 1970, and that the interest rates shall be fixed at 4.87 per cent per annum on the one note for \$250,000 and at 4.99 per cent per annum on the seven other notes, all discounted at date of issue, and that the Director of Accounts of the Bureau of Accounts of the Commonwealth shall certify as to the genuineness of said notes.

**Further voted** to approve the sale of said notes at par less interest discounted to the following banks: Newton-Waltham Bank and Trust Company — one note in the amount of \$250,000; First National Bank of Boston — two notes in the amount of \$50,000 each and one note in the amount of \$25,000; and New England Merchants National Bank — one note in the amount of \$50,000 and three notes in the amount of \$25,000 each.

**Further voted** that the Town Treasurer be and she hereby is authorized to deliver said notes to the aforesaid purchasers.

**Further voted** to sign the said notes (Nos. 508-515) which were accordingly signed.

**June 9, 1970:**

Voted to grant request of A. R. Belli, Inc., contractor with the Town of Weston, for extension of completion date for work on Wellesley Street from June 30, 1970, to July 31, 1970.

**June 15, 1970:**

Voted to accept the proposal of Massachusetts Broken Stone Company, Weston, Mass. dated June 8, 1970, submitted pursuant to notice to bidders advertised May 29, 1970, in the News-Tribune, Waltham, Mass. for furnishing bituminous concrete mixes for highway purposes for unit prices at the supplier's plant and for unit prices delivered to various locations in Weston as follows:

Type of Mix	At Plant	Delivered
Binder Course or top course	\$6.00 per net ton	\$6.60 per net ton
Dense mix, surface treatment or cold patch	6.25 per net ton	6.85 per net ton
Tar Patch	8.00 per net ton	—

This was the lowest bid received pursuant to advertising. Further voted to authorize preparation of contract and forwarding to the company for execution.

Voted to approve and sign and signed accordingly Memorandum of Agreement with State Department of Public Works in the amount of \$1,500 for Chapter 90 maintenance work on South Avenue.

Voted to accept the proposal of Casey and Dupuis Equipment Corporation, of Watertown, Mass., dated June 9, 1970, submitted pursuant to notice to bidders advertised in The News-Tribune, Waltham, Mass., June 4, 1970, for furnishing in accordance with Notice to Bidders, Information and Instructions, Specifications and Proposal form one new 1970 brush chipper, Wayne Model 16T318, for use of the Highway Department for the sum of \$4,661.00. This was the lowest bid received pursuant to advertising.

**July 14, 1970:**

Voted to approve and sign, in connection with contract between Town of Weston and Scott McNeilly and Son for South Fire Station, change order No. 5 to said contract dated November 6, 1968, in the amount of \$75.00 increasing the total contract amount to \$185,434.52.

**July 20, 1970:**

Voted to accept the proposal of Getty Oil Company dated July 20, 1970, submitted pursuant to notice to bidders advertised July 13, 1970, in The News-Tribune, Waltham, Mass. for furnishing for the year ending June 30, 1971, either regular grade Getty Commercial gasoline at the company's posted commercial consumer tank wagon price for place from which delivery is made, effective at the time of delivery, less a firm increment of \$.068 per gallon plus Commonwealth of Massachusetts tax of \$.065 per gallon, or premium grade Getty Premium 98 gasoline at \$.025 per gallon above the company's posted commer-

cial consumer tank wagon price for Getty Commercial gasoline for the place from which delivery is made, effective at the time of delivery, less a firm increment of \$.07 per gallon plus Commonwealth of Massachusetts tax of \$.065 per gallon. This was the lowest net bid received pursuant to advertising.

**Voted** that the Town Treasurer with the approval of the Selectmen borrow \$500,000 by the issue and sale of notes in anticipation of revenue as authorized by vote of the annual town meeting held on March 30, 1970, under Article 3.

Further **voted** that ten notes, one in the amount of \$100,000, seven in the amount of \$50,000 each and two in the amount of \$25,000 each, authorized to be issued by vote of the Town duly adopted March 30, 1970, and by vote of the Selectmen earlier in this meeting shall be issued, shall be dated July 27, 1970, shall mature November 4, 1970, and that the interest rates shall be fixed at 5.19 per cent per annum on the one note for \$100,000 and on three notes for \$50,000 and at 5.23 per cent per annum on four notes for \$50,000 and on the two notes for \$25,000, all discounted at date of issue, and that the Director of Accounts of the Bureau of Accounts of the Commonwealth shall certify as to the genuineness of said notes.

Further **voted** to approve the sale of said notes at par less interest discounted to the following banks: State Street Bank and Trust Company — one note in the amount of \$100,000 and three notes in the amount of \$50,000 each, all at interest rate of 5.19% (Nos. 516-519); and New England Merchants National Bank — four notes in the amount of \$50,000 each and two notes in the amount of \$25,000 each, all at interest rate of 5.23% (No. 520 and Nos. 1-5).

Further **voted** that the Town Treasurer be and she hereby is authorized to deliver said notes to the aforesaid purchasers.

Further **voted** to sign the said notes which were accordingly signed.

**Voted** to approve and sign order in the amount of \$3,517.00 Extra Work Claim No. 1 in connection with contract between Town of Weston and A. R. Belli, Inc. dated October 16, 1969, for reconstruction of a portion of Wellesley Street under the provisions of Chapter 90, General Laws. The order was accordingly signed.

#### **August 6, 1970:**

**Voted** to accept the proposal of Coan, Inc., of Natick, Mass., dated July 29, 1970, submitted pursuant to notice to bidders advertised July 24, 1970, in the News-Tribune, Waltham, Mass., for furnishing fuel for town buildings for the heating season ending June 30, 1971, at the price indicated below:

No. 2 fuel oil at the posted tank car price for the Boston Market as published in the New York Journal of Commerce for the day of delivery plus a firm increment of \$.0190 per gallon.

This was the lowest net bid received for No. 2 fuel oil pursuant to advertising; no bids for the No. 4 and No. 5 oil were received.

**August 11, 1970:**

**Voted** in accordance with the provisions of General Laws, chapter 54, section 24, to designate polling places in the Town of Weston as follows:

**For STATE PRIMARY** to be held September 15, 1970 and **STATE ELECTION** to be held on November 3, 1970:

Precinct 1. Basement of St. Peter's Episcopal Church located at 320 Boston Post Road, Weston, Mass.

Precinct 2. Gymnasium of Field School (formerly Junior High School) located on School Street, Weston, Mass.

**For Town Elections**

Gymnasium of Field School (formerly Junior High School) located on School Street, Weston, Mass.

**Further voted** that notice of such designation be posted and mailed to each registered voter in compliance with the referenced statute.

**September 1, 1970:**

**Voted** to adopt and sign the warrant for the State Primaries to be held on Tuesday, September 15, 1970; and that attested copies thereof be posted at the Town Hall, at the Kendal Green railroad station and on the Town Bulletin board at the north entrance of the Weston High School on Wellesley Street. The warrant was accordingly signed.

**Voted** to establish a charge of \$.50 for copies of zoning by-law. Town officers or departments requiring copies shall be exempt from such charge.

**Voted** to accept the proposal of Howard M. Horton, doing business as H. M. Horton Company, of Walpole, Mass., dated August 25, 1970, submitted pursuant to Notice to Bidders advertised August 11, 1970, in The News-Tribune, Waltham, Mass., for painting the Jones House, 358 Boston Post Road, and the Town's house at 396 Boston Post Road, for the sum of \$2,493.00. This was the lowest bid received. **Further voted** to authorize preparation of contract and forwarding to Howard M. Horton for execution in accordance with the provisions of General Laws, Chapter 149, Sections 44A-L.

**Voted** to accept the proposal of International Harvester Company dated August 31, 1970, submitted pursuant to notice to bidders advertised August 25, 1971, in The News-Tribune, Waltham, Mass., for furnishing in accordance with Notice to Bidders, Information and Instructions, Specifications and Proposal form two new International Harvester truck chassis for use of the Highway Department as follows:

- 1) One 1971 Model 1310 (4×4) chassis for the sum of \$3,484.00 less trade-in allowance of \$100.00 for used 1941 Ford truck with sander body; and

- 2) One 1971 Model 2010A chassis for the sum of \$6,960.00 less trade-in allowance of \$100.00 for used 1948 International Harvester truck with sander body;  
making a total net cost of \$10,244.00 to Town of Weston.  
This was the sole bid received pursuant to advertising.

**September 22, 1970:**

Voted to accept the proposal of Bonded Oil System, Inc., of Boston dated September 15, 1970, submitted pursuant to notice to bidders advertised September 5, 1970, in The News-Tribune, Waltham, Mass. for furnishing fuels for town buildings for the heating season ending June 30, 1971, at the prices indicated below.

No. 4 fuel oil at Company's Posted Rack Tank Car Price on the day of delivery, plus the Posted trucking charge.

No. 5 fuel oil at Company's Posted Rack Tank Car Price on the day of delivery, plus the Posted-trucking charge.

**October 13, 1970:**

Voted to approve and sign and signed accordingly a Memorandum of Agreement between Town of Weston and Department of Public Works applying 1970 allotment of Chapter 90 Construction funds in the amount of \$14,800 to construction of a new way extending Wellesley Street northerly to Route 20.

**October 21, 1970:**

Voted to adopt and sign the warrant for the State election to be held on Tuesday, November 3, 1970, and that attested copies thereof be posted at the Town Hall, at the Kendal Green railroad station, and on the town bulletin board at the north entrance of the Weston High School on Wellesley Street. The warrant was accordingly signed.

Voted to authorize acceptance of two proposals by Wilbur Smith and Associates, Inc., to perform consulting work in connection with study of location for proposed extension of Wellesley Street northerly and to prepare preliminary design studies for revision of intersection of Wellesley Street and South Avenue under the TOPICS program.

**November 10, 1970:**

Voted to approve for removal of ice and snow, upon petition of agent for abutters, the private ways Blake Road and Tamarack Road.

**December 9, 1970:**

Voted to award renewal contract to Boston Mutual Life Insurance Company for group life and accidental means death and dismemberment insurance for town employees for the year December 1, 1970, to December 1, 1971, under the provisions of Chapter 32B of the General Laws.

**Voted** to approve for removal of ice and snow, upon petition of abutters, the private ways King's Grant Road, Bay State Road and Hancock Road (in part).

**December 22, 1970:**

**Voted** to accept the proposal of General Electric Company dated December 16, 1970, for furnishing, installing, reinstalling and removing radio equipment for the Town of Weston for use of the Police Department for the sum of \$11,199.00. This was the sole proposal submitted pursuant to notice to bidders advertised December 2, 1970, in The News-Tribune, Waltham, Mass. Further **voted** to authorize the preparation of contract and forwarding to the Company for execution.

**Voted** to accept the proposal of The Lexington Press, Inc., Lexington, Mass., dated December, 1970, submitted pursuant to Notice to Bidders advertised December 14, 1970, in The News-Tribune, Waltham, Mass., for printing the 1970 Weston Town Report at the unit prices set forth in the proposal for an estimated cost of \$4,108.07 based on the number of pages, at each price, assumed for bid comparison purposes only. This was the lowest bid received pursuant to advertising.

**Voted** to approve and sign contract in triplicate between Town of Weston and Massachusetts Hospital Service, Inc. and Massachusetts Medical Service (Blue Cross-Blue Shield) for provision of benefits to members of Town of Weston's group hospital, medical and surgical insurance plan for the year December 1, 1970, to December 1, 1971, under the provisions of Chapter 32B of the General Laws. The contract was accordingly signed.

# WARRANT FOR ANNUAL TOWN MEETING 1971

Commonwealth of Massachusetts  
Middlesex, ss.

To any Constable of the Town of Weston, Greeting:

In the name of the Commonwealth you are hereby required to notify and warn the voters of said Town, qualified to vote in elections and town affairs, to meet in the Gymnasium of the Field School located on School Street in said Town on Saturday, the twenty-seventh day of March, 1971, at 8 o'clock a.m. to act on Article 1 of this warrant; and to meet in the auditorium of the Senior High School in said Town, and also in the gymnasium of the Senior High School if the number of voters in attendance shall exceed the capacity of the auditorium, on Monday, the twenty-ninth day of March, 1971, at 7.45 o'clock p.m. to act on the remaining articles of this warrant.

Article 1. To bring in their votes for the following town officers to be voted for on one ballot:

	For term of
A moderator	One year
A town clerk	Three years
One selectman	Three years
One assessor	Three years
Two members of the school committee	Three years
One library trustee	Three years
One member of the board of health	Three years
One commissioner of trust funds	Three years
Three measurers of lumber	One year
One water commissioner	Three years
One member of the planning board	Five years
A tree warden	One year
Two members of the recreation commission	Three years
One member of the recreation commission to fill vacancy	Two years

And to give their votes Yes or No on the following question which will appear on the ballot:

Question No.1: "Shall the Town, in addition to the payment of fifty per cent of a premium for contributory group life and health insurance for employees in the service of the Town and their dependents, pay a subsidiary or additional rate?"

The polls will be opened at 8 o'clock a.m. and may be closed at 6 o'clock p.m.

Article 2. To raise and appropriate such sums of money as may be necessary to defray the costs of government and other town charges for the current year; and to fix the salaries and compensation of elected officers of the Town for the current year.

**Article 3.** To accept the provisions of General Laws, chapter 41, section 108L providing for a career incentive program for the police.

**Article 4.** To accept the provisions of sections 16 to 16I, inclusive, of chapter 71 of the General Laws, providing for the establishment of a regional vocational-technical school district, to consist of the towns of Arlington, Belmont, Concord and Lexington, together with such of the towns of Acton, Boxborough, Carlisle, Lincoln, Stow, Sudbury, Wayland and Weston as vote to accept such sections, and the construction, maintenance and operation of a regional school by the said district in accordance with the provisions of a proposed agreement filed with the selectmen.

**Article 5.** To authorize borrowing of money in anticipation of revenue and issuance and renewal or refunding of a note or notes therefor.

**Article 6.** To transfer money from the overlay reserve fund to the reserve fund.

**Article 7.** To appropriate money from available funds for the purpose of deduction by the assessors in determining the annual assessment of taxes in the current year.

**Article 8.** To appropriate for the support of the Public Library the dog license refund received in the current year and available money from State aid for the Public Library.

**Article 9.** To appropriate money from available funds in anticipation of state and county reimbursement for chapter 90 highway maintenance and construction.

**Article 10.** To appropriate money, to be provided by borrowing and/or by taxation and/or from other sources, for laying or relaying water mains, and to authorize the issuing of bonds or notes.

**Article 11.** To appropriate money for the use of the water commissioners to be provided by borrowing and/or by taxation and/or from other sources for the purchase and installation of a pump at the Wellesley Street Pumping Station, and to authorize the issuing of bonds or notes.

**Article 12.** To transfer money from the appropriation remaining in "General Government — Special Counsel Fees" to "General Government — Consulting and Professional Services" and to the Reserve Fund.

**Article 13.** To appropriate money for the purpose of paying the Town's apportioned share of the initial operating and maintenance costs of the proposed regional vocational-technical school district consisting of the towns of Arlington, Belmont, Concord and Lexington and such of the towns of Acton, Boxborough, Carlisle, Lincoln, Stow, Sudbury, Wayland and Weston as vote to become members of said district; **provided that**, this appropriation shall not be effective unless such district shall be established and the Town shall vote to become a member thereof; and **provided further** that no part of said appropriation shall be paid over to such district until an initial operating

and maintenance budget for the year 1971 shall have been adopted and the Town's share thereof certified to the town treasurer by the regional school district treasurer.

**Article 14.** To authorize the Town to become a member of the Metropolitan Sewerage District of the Metropolitan District Commission; to authorize the Sewer Committee to take any and all lawful action appropriate to the Town's admission to membership in the District and connection of the Town's sewer system, when constructed, with the District's sewers including (without limitation of generality) entering into an agreement with the Metropolitan District Commission, to pay any entrance fees or assessments and any and all future fees and assessments, abide by the requirements of chapter 92 relative to the Metropolitan Sewerage District and to be subject to the rules and regulations of the said Commission.

**Article 15.** To enlarge the authority of the Sewer Committee beyond the vote under Article 9 of the warrant at the 1966 annual town meeting and the vote under Article 20 of the warrant at the 1969 annual town meeting to the end that upon enactment by the General Court of the special act petitioned for under Article 17 of this warrant, the Sewer Committee be authorized to lay out, construct, install, maintain and operate in the City of Waltham a sewer force main for the disposal of Weston sewage, part of which force main may be in a water easement belonging to the City of Cambridge; and to enter into contracts with the cities of Cambridge and Waltham as may be necessary therefor; to acquire land or interests in land by purchase, gift, eminent domain or otherwise in the City of Waltham as well as within the Town for the authorized purposes of the Committee; to expend any part of the money appropriated for its use toward the construction, installation, maintenance and operation of the sewer force main in the City of Waltham in addition to expenditures for the construction, installation, maintenance and operation of the sewerage system within the Town; to take at any time any lawful action which may be required to apply for and receive in the name and behalf of the Town any Federal or State grant or grants, which grant or grants shall be applied toward the financing of the sewerage system; and to transfer to the Sewer Committee the care, custody, management and control of town owned land or any interest therein as may be necessary to the purposes of the Committee.

**Article 16.** To appropriate additional money for the use of the Sewer Committee, to be provided by borrowing and/or by taxation and/or from other sources, and authorizing the issuing of bonds and notes.

**Article 17.** To authorize or approve a petition to the General Court of the Commonwealth that it enact a special law to empower the Town to lay out, construct, maintain and operate a sewer force main in the City of Waltham, part of which sewer may be in a water easement belonging to the City of Cambridge in the City of Waltham;

to acquire by purchase, gift, eminent domain taking or otherwise land or interests in land in the City of Waltham for such purpose; and to expend and borrow money for such purposes.

**Article 18.** To appropriate the sum of \$43,106.87 for road construction in connection with Concord Road and to meet said appropriation to transfer to such purpose from Highways and Bridges — Wellesley Street Reconstruction the sum of \$14,641.04 and to transfer to such purpose from the proceeds received under Acts of 1967, chapter 616, section 5 and Acts of 1969, chapter 768, section 4, the sums of \$18,977.20 and \$9,488.63 respectively.

**Article 19.** To accept all or any of the layouts of Bullard Road, Whitney Tavern Road, Beech Road and Colonial Way as public town ways made by and described in orders of the selectmen adopted on March 16, 1971 on file in the office of the town clerk.

**Article 20.** To add to and place upon the official Town of Weston Map the proposed location of a road or way to be known as Jericho Road, as such road or way location is shown on a plan filed in the office of the town clerk together with a report of the Planning Board dated December 4, 1970.

**Article 21.** To appropriate money to acquire by gift or purchase or eminent domain for recreation and/or conservation and/or municipal purposes certain parcels of land including improvements thereon located between and on Concord Road and Merriam Street now belonging to Weston College containing approximately three hundred twenty-five acres of land and for incidental engineering services in connection with such acquisition; the appropriation of money to be provided by borrowing and/or by taxation and/or from other sources, and authorizing the issuing of bonds or notes; to authorize applications for and acceptance of Federal and/or State grants available, or which may in the future be available, to be applied by the Town toward the financing of the project; and to authorize additional action as may be necessary to obtain such grants.

**Article 22.** To accept General Laws, chapter 40, section 8E (chapter 391, Acts of 1969) and to establish a Youth Commission thereunder; to appropriate money for the expenses of and to maintain such Youth Commission.

**Article 23.** To appropriate money for the use of the Town Building Committee established by the first vote under Article 19 of the warrant at the annual town meeting held March 30, 1970, for the renovation of Memorial Pool including installation of a liner in the pool, the equipping and installation of a filter system at the pool and the equipping and construction and/or reconstruction of the bath houses at the pool; such appropriated money to be provided by borrowing and/or by taxation and/or from other sources; and to authorize the issuing of bonds and notes for such purposes.

**Article 24.** To transfer the care, custody, management and control of that parcel of land located west of the Town Hall on Town

House Road and previously known as "Lamson Park" from the Board of Library Trustees to the Park and Cemetery Commission, the said parcel of land to be henceforth a public park of the Town of Weston, such park to be called and known as "Lamson Park."

**Article 25.** To appropriate money for and to acquire by gift or purchase for recreation purposes a certain parcel or parcels of land located between Bogle Street and Wellesley Street, containing approximately 42,500 square feet of land.

**Article 26.** To authorize the selectmen, as may be required, to release, waive and convey without consideration any Town rights or ownership interests in a certain bridge at Riverside across and over the Charles River in order that such bridge may be demolished or its care and upkeep be undertaken by others.

**Article 27.** To amend the by-laws of the Town by adding a new article thereto which will be numbered ARTICLE XVI and which will read as follows:

#### ARTICLE XVI.

Section 1. The use of any portion of the town forests and access ways thereto by motorized vehicles, including recreational vehicles and snowmobiles, is prohibited.

Section 2. Excepted from the operation of Section 1 are vehicles engaged in the care and management of the forests or in other town business.

Section 3. Excepted from the operation of Section 1 are automobiles, trucks and trailers involved in activities taking place at the Dickson Memorial Ring located on Concord Road, provided such vehicles are engaged in or associated with those equestrian activities for which the Dickson Memorial Ring is intended to be used.

Section 4. Discharging firearms except by police in performance of official duties or except with the written permission of the Town Forest Committee in any portion of the town forests and access ways thereto is prohibited.

Section 5. The Town Forest Committee, with the advice and consent of the selectmen may make reasonable regulations implementing Sections 1, 2, 3 and 4; and the Committee may make additional reasonable regulations providing for the care and management of the forests.

Section 6. The penalty for violation of this ARTICLE XVI or any regulation made under the authority thereof shall be a fine not exceeding twenty dollars for each offense.

**Article 28.** To appropriate money for the improvement and development of cemetery land from the cemetery sale of lots fund.

And you are to serve this warrant by posting three attested copies thereof, at the Town Hall, at the Kendal Green railroad station, and on the town bulletin board at the north entrance of the Weston High School on Wellesley Street, seven days at least before the time appointed for said meeting.

Hereof fail not and make due return of this warrant with your doings thereon to the selectmen at the time and place of said meeting.

Given under our hands March 16, 1971.

GEORGE M. LOVEJOY, JR.  
THOMAS W. UNDERHILL  
PETER A. REIMAN  
Selectmen of the Town of Weston

# REPORT OF THE BOARD OF SELECTMEN

## 1971 BUDGET AND TAX RATE

The budget which the Selectmen will recommend under the provisions of Article II, Section 5, of the By-Laws of the Town provides for estimated expenditures of \$5,961,789.58, an increase of \$423,258.12, or 7.6%, over the 1970 budget. To the budget must be added an amount estimated at \$1,379,965 to provide for such payments as principal and interest on debt, appropriations under special articles in the warrant and estimated State and County charges. The total to be raised including estimated charges is \$7,341,754.58, an increase of \$435,973.91, or 6.3%, over the comparable figure for 1970.

Once again as in several recent years we do not have the so-called "Cherry Sheet" available to use in our computations. This important document will show the amount of State and County charges which we are required to pay and the distribution of funds which we may expect to receive from State shared taxes. Major changes in State tax programs to increase State aid to cities and towns have been proposed by the Governor, but have not yet been acted on by the legislature. It is therefore impossible to make any prediction at this time of the effect of such proposals on the local tax rate.

Moreover, a re-appraisal of taxable real estate is in progress for the Board of Assessors under a contract between the Town and the firm of Whipple-Magane-Darcy, Inc., which will produce an entirely new total assessed valuation for the year 1971.

Since these essential items of information are unavailable at the time of preparation of this report the Board of Selectmen is unable to provide an estimate of the 1971 tax rate.

The following table shows, by principal classifications, the amounts spent in 1970, the budget amounts for 1970, and the amounts recommended, or in the case of debt service and State and County charges, the amounts required, or estimated to be required in 1971. (In cases where 1970 expenditures exceed the 1970 budget amounts they were made from appropriations provided from sources which did not affect the 1970 tax rate and hence were not in the 1970 budget figures.)

	1970 Spent	1970 Budget	1971 Budget
General Government	\$280,416	\$221,844	\$228,536
Protection of Persons and Property	742,038	752,724	840,054
Health and Sanitation	30,931	34,755	34,041
Highways and Bridges	486,867	350,440	352,370
Veterans' Benefits	761	8,500	8,000
Libraries	91,054	87,252	91,007
Recreation and Parks	56,972	70,919	68,226
Water Department	160,135	108,935	109,494
Cemeteries	44,030	50,930	41,255
Retirement Fund, Insurance, Re- serve Fund and Unclassified	201,792	256,461	270,545
Debt Service exclusive of Schools	107,352	100,116	71,310
Total other than Schools	<u>2,152,348</u>	<u>2,042,876</u>	<u>2,114,838</u>
Schools	3,618,977	3,649,522	3,918,262
School Debt Service	875,506	875,506	776,855
Total Schools	<u>4,494,483</u>	<u>4,525,028</u>	<u>4,695,117</u>
Separate articles in the warrant	—	—	81,800
Total Town Services	<u>6,646,831</u>	<u>6,567,904</u>	<u>6,891,755</u>
State Charges	132,983	133,098	175,000*
County Charges	232,979	204,779	275,000*
	<u>7,012,793</u>	<u>6,905,781</u>	<u>7,341,755</u>

\*Estimated

A vigorous effort on the part of the Finance Committee and the Board of Selectmen has been made to hold appropriations for non-salary expenses to levels approximating 1970 appropriations but with allowances for increased costs of fuel and utilities essential to the operations of the town departments. A number of desirable capital expenditures have been deferred. All departments of the town have cooperated to the fullest extent in achieving these objectives. In the face of higher prices of materials and services the effort to hold the line on total expenses will require some minor reductions in the services to be provided during 1971. No new full-time permanent positions have been provided for in any of the departmental appropriations.

We comment as follows on significant items in the budget.

## **General Government**

Provision has been made in Assessors — Expenses (\$6,000) for costs of computer services to be used in preparing tax bills and valuation lists and for up-dating valuations in subsequent years when computerized sales analyses indicate such changes are required. This includes first time set-up charges as well as estimated costs of the annual service in 1971. It is being included at this time because the re-appraisal of taxable property will be completed during the year and the two programs are closely interrelated.

The estimated additional costs (\$1,200) of conducting a special state census required as the result of a constitutional amendment adopted in 1970 are included under Elections and Registration. Special legislation authorized the delay of the annual street listing to permit the two census operations to be combined.

The sum of \$27,000 has been included for Town Hall Equipment to provide for the installation of an electronic accounting — payroll machine and initial cost of forms. This equipment will replace a mechanical unit which has been in service for ten years. Increased payroll operations resulting from increased numbers of employees, more frequent payrolls and more numerous transactions per employee require increased capacity for the present number of employees to meet the work load. Comparisons with annual computer service contract costs resulted in a decision to recommend the replacement of the equipment.

## **Protection of Persons and Property**

The major increases in this category arise from Police and Fire Department salary appropriations. In this respect increases resulting from adjustments made in 1970 and from the impact of overtime rates of pay account for a substantial amount of the total increase. Although collective bargaining negotiations with these departments have not been completed the budget figures include the Selectmen's best estimate of the amounts which may be required.

Provision has been made for necessary replacements of four police vehicles and a communications recorder in Police Department — Equipment.

Fire Department — Equipment includes provision for replacement of the four year old chief's car and certain additional equipment for the new fire pumper delivered early in 1971.

Moth Extermination includes \$2,500 for an additional spray application to control the oak leaf skeletonizer which is expected to be prevalent again in 1971.

At the recommendation of the Tree Warden and Moth Superintendent the appropriation for Dutch Elm Disease Control — Private Property has been eliminated for 1971. The funds were used to reimburse owners for one-half the cost of removal from their property of Dutch elm diseased trees within 200 feet of a public way. Property owners will still be responsible for such removals on notification by the Moth Superintendent, but will not receive any financial assistance from the Town.

### **Health and Sanitation**

The appropriation of \$8,850 for Mental Health Services includes provision for Weston's share (\$3,750) of a multi-service Drug Center being established for the Newton-Wellesley-Weston area. The annual cost of the mental health services including the drug center is estimated at \$13,750; a balance of \$4,900 of unexpended funds paid to the mental health agency in 1970 permits the reduction of the 1971 request to \$8,850.

### **Retirement Fund, Insurance and Unclassified**

Two items directly related to employee benefits merit comment in this category. The appropriation for Contributory Retirement Fund is increased by \$12,810. This is the amount certified by the Middlesex County Retirement System as required for 1971.

The appropriation for Insurance-Group Life, Accident and Health has been increased \$10,825 to provide for increased charges resulting from the increased number of employees participating in the program and a small increase in rates effective for 1971.

### **Cemetery Department**

Provision has been made for replacement of a small tractor with rotary mower (\$1,700).

### **Schools**

The tentative School budget provides an increase of \$268,740 over the 1970 budget. Of this total \$264,344 is attributable to salaries. This increase provides only for the cost of salaries negotiated in 1970; no provision has been included for increases which may result from collective bargaining negotiations for 1971 which had not been concluded at the time this report was prepared.

The balance of the increase (\$4,396) is the net result of a substantial increase in Utilities and Fuel (\$39,938) offset by reductions in other operating costs and capital outlay appropriations.

## **BALLOT QUESTION**

At the request of several of the organizations representing employees in collective bargaining the Selectmen have placed on the

official ballot for election of town officers a question relative to payment by the Town of more than one-half of the premium for group life and blanket general hospital, medical and surgical insurance for town employees. At present the employee pays one-half of the group premium by payroll deduction and the Town pays the other half.

This is the same question which appeared on the ballot for the election in 1970. The form of the question is prescribed by law and may well appear confusing.

Should the vote on this question be affirmative the Selectmen would be authorized, but not required, to negotiate a greater than 50% contribution by the Town to the group insurance premium payable on behalf of the eligible town employees. It is estimated that the cost of increasing participation to 75% of the total would be approximately \$29,000. The Selectmen have taken no position on this question for 1971.

### SEPARATE ARTICLES

There are a number of separate articles in the warrant in connection with special reports which have been prepared and distributed by committees of the Town. In particular we refer to the reports of the Sewer Committee and of the Outdoor Swimming Facilities Committee in connection with articles 14, 15, 16, 17 and 23. A Report of Capital Projects Under Consideration has been prepared by the Finance Committee and mailed to each household; descriptions of these and several projects included in other articles are set forth in that report. We refer you to it for information relative to Article 11 providing for an additional pump at the M.D.C. water pumping station and Article 21 relative to acquisition of certain parcels of land now belonging to Weston College. Our report contains further comments on Weston College land below.

The Report of the Minuteman Regional Vocational School District Planning Board has also been mailed to each household in Weston. It relates to Articles 4 and 13 of the warrant. A word on the special voting requirements under Article 4 is in order. After appropriate discussion of the subject matter of Article 4 it will be necessary to vote **by ballot** on the question of accepting the provisions of the statute establishing a regional vocational-technical school district. To expedite this matter registered voters will be given a blank ballot when checked in at the High School. At the appropriate time in the meeting the Moderator will call for the submission of the ballots to tellers who in turn will proceed to count them. With consent of the meeting the Moderator will proceed to business under other articles while the count is being conducted. If the written ballot vote is affirmative an appropriation for initial operating and maintenance costs of the district (Weston's share is estimated at \$1,200) will be requested under Article 13.

Article 3 has been included at the request of the Weston Police Association in connection with collective bargaining. Since it is only one of a number of items under consideration with the police department representatives no recommendation on this article is being made at this time. If agreement has been reached on the provisions of a collective bargaining contract with the Association the Selectmen will make a recommendation in keeping with that agreement at the town meeting.

In 1967, when the possibility of construction of a stadium in Weston was of great concern, \$25,000 was added to the usual appropriation for special counsel fees in the event that extensive legal action to protect the interests of the Town was required. Expenditures for this purpose were not major and a balance of more than \$20,000 remains in this account. With the decision reached in 1970 to locate a stadium in Foxboro it is now appropriate to transfer the unexpended balance of this appropriation to other purposes.

Under Article 12 the Selectmen recommend that the balance be transferred in part to the appropriation Selectmen — Consulting and Professional Services and to the Reserve Fund. Special Counsel Fees will be discontinued as an appropriation and all professional and consulting fees — including legal, engineering, appraisal and management consulting — will be consolidated in the one account.

Article 18 provides for the appropriation of funds from various sources for the reconstruction of a section of Concord Road between Fiske Lane and the bridge over the Boston and Maine Railroad. This section of road is included as one of the higher priority projects in the recommendations of the Committee on Pedestrian and Vehicular Traffic Safety. Scheduling this work for 1971 is particularly desirable since it will be necessary to excavate for a water main extension in the same roadway during 1971. Proposed work will include a reconstruction of the existing sidewalk and a widened two-lane roadway.

Under Article 20 the Planning Board will recommend the placing on the official town map of a proposed private way to be known as Jericho Road. It will provide access into the multiple dwelling district approved in 1969. Such action is required under the zoning by-law as amended when the multiple dwelling district was created. The way is expected to remain private and its construction and maintenance will be the responsibility of the developers of the land it serves. Future approval by the town meeting would be required if it should be deemed appropriate for this way to become public.

Article 22 is a proposal for a youth commission as authorized under the general laws of the Commonwealth for the purpose of "carrying out programs which may be designed or established to meet the opportunities, challenges and problems of youth". The proposal is an outgrowth of the activities of the Town Drug Abuse

Action Committee and has been suggested by an "ad hoc committee" of interested citizens. The commission would consist of three to seven members appointed by the selectmen. The budget, suggested by the "ad hoc committee, is \$12,000 of which \$10,000 would be for salaries. At an informal hearing held by the Selectmen there was strong support of the proposal by representatives of the schools, police, board of health, and the youth themselves.

Provision is made in Article 25 for the acquisition of a parcel of land adjacent to the Bogle Street playground land. The Recreation Commission will propose an appropriation of \$100.00 for the purchase of the parcel as agreed with the developer of the adjacent land.

Article 26 provides for disposition of any rights the Town may have in the old bridge across the Charles River which was formerly reached by Riverside Road. Access to the bridge was cut off by the 1968 alteration of Route 128 by the Massachusetts Department of Public Works. The bridge is impassable and in a state of deterioration which makes it hazardous. For many years the bridge was maintained jointly by the City of Newton and the Town of Weston, but its usefulness has been terminated by the various road changes made by the Massachusetts Turnpike Authority and Department of Public Works in past years.

The long range plans of the Metropolitan District Commission for rebuilding the Riverside Recreation area to the east of Route 128 contemplate its possible reconstruction as a footbridge for access from Newton to the Recreation area. Should these plans not materialize it may be necessary for the City of Newton and Town of Weston to undertake demolition of the structure.

## **TOWN PROBLEMS: STUDY AND ACTION**

Cities and towns face major uncertainties today. There are continuing attacks on the principle of "home" rule; suggestions that the town meeting form of government is obsolete; and numerous proposals and pressures for regional and metropolitan control of town services and land use. The suggested resolution of the current municipal fiscal crisis by additional state and federal aid inevitably would bring controls that would affect the ability of cities and towns to make their own decisions. The fiscal problem is generally blamed on the absence of sources of sufficient revenue but more fundamental is the demand for and provision of services beyond the revenue raising ability of the municipalities. Should a reduction of services be considered as well as additional sources of revenue? Shouldn't local governments at least live with the fundamental economic propositions of private industry and consumers that where wants exceed resources one must establish priorities?

Weston, by reason of its well-educated and affluent population, is one of the communities best equipped to deal thoughtfully with today's uncertainties. Its human and financial resources should enable the community to determine its future effectively. Basic are questions of land use. What social conscience does the community have? Does it best shoulder its responsibilities by contributing money and the talents of its residents or should it provide answers within the community, such as land for a metropolitan need like low income housing?

These are some examples of the broader implications of the day-to-day decisions faced by your Board of Selectmen. As you read on in this report about the many areas in which the town government is active consider each in the total framework. Most important, participate whether as a town official or an active concerned citizen in order that the substantial talents in the town can be brought to bear on the problems to be resolved.

This has been the first year that the Board of Selectmen has extensively used specialized subcommittees. It has worked very well. The result has been that problems such as drug abuse, housing, the proposed sale of Weston College, and traffic have received the continuous undivided attention of capable and conscientious citizens rather than being a portion of the broader responsibilities of the Board of Selectmen.

We have divided our report into three sections, mainly, Special Committees, Capital Outlay Items and Personnel Matters.

## Special Committees

### SUBURBAN INTERTOWN LIAISON COMMITTEE (SILC)

In early 1970 the Town of Lincoln, in response to a highway location problem, called together a group of surrounding communities. This led to the formation of the Suburban Intertown Liaison Committee (SILC), consisting of two representatives from each of nine contiguous communities of which Weston is one.

This new committee for the first time affords a structure for discussion of problems across town boundaries and hopefully in the future a means of reaching solutions mutually acceptable. Few town problems today are confined within the boundaries of one town. There is inadequate legislative authority for regional co-operation and action; a bill has been introduced into the current legislature to correct this. Current areas of activity of SILC include the proposed east-west road, compilation of meaningful census data, and the computerization of certain town data.

The Metropolitan Area Planning Council is providing technical assistance to the group. Messrs. Herman Koester, Jr. and Howard M. Forbes provide the town with strong representation to SILC.

## COMMITTEE TO STUDY HOUSING NEEDS AND POSSIBILITIES

In accordance with a warrant article passed at last year's Town Meeting, the Board of Selectmen appointed a special committee to study and make recommendations concerning the housing needs and possibilities of the Town.

In June the Committee sent out a questionnaire to all households collecting pertinent information, including age, length of time in town, reasons for living here and the need for different accommodations. Some 45% of the questionnaires were completed and returned.

Last fall the consulting firm of Attitude Research Associates, Inc., conducted a survey based in part on the June study, to take the pulse of a representative sample of town residents on the need for special housing for the elderly, town employees, and middle or low-income groups generally.

The survey indicated that the residents were most receptive to and concerned about housing for the elderly, with varying degrees of concern about other groups and a recurring theme of preserving the essential character of the town. A report of the Committee appears elsewhere in this Town Report.

The Board of Selectmen believes that the Housing Committee should continue in existence, not only to work on the problems of the housing needs shown by the survey to be of priority, but also to keep abreast of new developments in legislation or proposed legislation which might compel the Town to revise its zoning and to continue to measure the "social conscience" of the town.

## TRAFFIC — SAFETY

Under the able guidance of the Selectmen's Committee on the Safety and Flow of Traffic, significant progress has been made during the past twelve months. This has resulted in several major accomplishments and considerable work in progress.

In April 1970 a comprehensive Traffic Evaluation Study was completed by our consultants, Wilbur Smith and Associates. This study now serves as a set of basic guidelines for both short and long range traffic planning.

As a result of this study and in accordance with its recommendations, Wilbur Smith and Associates has again been retained to assist in developing a detailed solution to the problem of north-south traffic, especially as it affects the flow of traffic in and around Weston Center. In addition, improvements to the South Avenue-Wellesley Street intersection are presently being designed. These will be implemented by the Commonwealth with Federal funds under the TOPICS program.

Progress has continued also in providing sidewalks in selected areas where pedestrian safety is of paramount concern. Sidewalk sections have been completed on parts of Conant Road and Wellesley Street. Further work is currently scheduled for Wellesley Street from Regis College to Newton Street. In addition consideration is being given to a sidewalk along South Avenue between Highland and Oak Streets.

Finally, it is planned to reconstruct and widen the section of Concord Road between Fiske Lane and the Railroad Bridge. This will be accomplished in part with State funds available to the Town under special bond issues. Current plans call for construction to start during the summer of 1971. This should allow the job to be completed before the new apartment complex in the area is ready for occupancy.

### THE DRUG ABUSE ACTION COMMITTEE

In the early summer of 1970, your Selectmen appointed a Drug Abuse Action Committee whose membership is listed near the beginning of the Town Report. An Advisory Committee was also appointed, including representatives of key groups in the Town such as the school administration, the clergy, the police and other professionals.

The first activity of this committee, supported by approximately \$1,500 in Town funds, was to train staff for a hot line operated jointly with Wellesley. The committee has also given considerable thought to a wide spectrum of approaches to the problem, including inventorying available resources, drug education, youth center activities, and coordination with other established agencies.

Many citizens of the Town continue to show real concern and a willingness to contribute their time and talents to help solve the problems. Your Selectmen hope that a single committee can be constituted to draw on the best of the available talent.

### Capital Outlay Items

#### SEWAGE DISPOSAL

A solution to the long-standing problem of sewage disposal in the town center has been the object of a concerted effort by the Sewer Committee, the Finance Committee and your Board of Selectmen during the past year. It now appears that the last of the many obstacles encountered has been removed and that proposal for a sewer system will be before the town at the March Town Meeting. While this proposed system would service only limited portions of the town, it is essential not only for the present property owners in the center, but also for present and future town facilities.

It was originally recommended by the Sewer Committee that a self-contained system be constructed within the Town of Weston. It has since become clear, however, that our needs would be better served by connection to the MDC sewage system. Reasons for this change in direction are many and complex, but we may summarize the major factors as follows:

1. The local system would have limited capacity and future life. No possibilities for expansion of the system beyond immediate needs exist. Further, after 10-20 years of life, the town would be faced with a repetition of the same problems with which we are now struggling.
2. Increasingly stringent state and federal standards pertaining to sewage disposal and water pollution control lead us to surmise that a local facility might not be acceptable even through the completion of its limited life.
3. Net costs associated with the MDC connection have become competitive with those of a local system due to the desire of Regis College to be included.

While there will of necessity be some financial burden placed upon the townspeople by any proposed solution to this problem, we are convinced that action must be taken without delay.

#### NICKERSON FIELD WELL

During 1970 a serious problem developed in our primary local water source, the Nickerson Field well. The water was found to be severely contaminated with chlorides to the extent that concentrations exceeded those permitted by the Massachusetts Department of Public Health. As a result, for most of the last half of 1970 we were unable to draw from this water source.

While it is fortunate that we had ample water available through our connection to the MDC system, the situation obviously has financial implications not only for 1970, but for the future as well. Accordingly, efforts have been directed toward determining the source of the chlorides and finding means to prevent continued pollution in the future.

To this end, the Board of Water Commissioners has sought professional assistance in attempting to define the scope of the problem. While it has not been possible to pinpoint specifically all sources of chloride, it seems evident that salts used for ice control on 128 and the Mass. Turnpike are almost certainly the major contributors. A cooperative attitude has been demonstrated by both the Massachusetts Department of Public Works and the Turnpike Authority. We are hopeful that with additional professional assistance and with state cooperation, a long-term solution to this problem may be found.

In the meantime, however, steps have been recommended by the Board of Water Commissioners to assure our ability to draw from the MDC system on a reliable, continuing basis. These are the subject of Article 11 of the Warrant for Town Meeting, including a requested appropriation of \$25,000.

## WESTON COLLEGE

In the spring of 1970 there were indications to town officials that the land and buildings owned by Weston College might be offered for sale sometime in the late fall. This property comprises some 330 acres on which is a building of some 200,000 square feet with a capacity to house and feed up to 500 people.

The potential impact on the town of a change of ownership and use is very significant. Last spring representatives of the Selectmen, Planning Board, Finance Committee, and Conservation Commission agreed on the formation of a special committee to consider the town's interests should the property be offered for sale. The committee was organized by the Planning Board, and consists of Kenneth J. Germeshausen, chairman, Robert C. Linnell, H. Kenneth Fish, William L. Brown, and Kenneth F. Leach. The committee diligently explored alternative uses of the property and a position for the town.

It was their recommendation that the town move to acquire a substantial portion of the land for open space and recreational use. In late summer, the owners placed the property on the market at a price of \$6,000,000 stating that they would not subdivide the property but would only sell it as a total package.

The most difficult problem is to find a user for the building whose occupancy would be compatible with the best interest of the town and who would provide the sellers with a fair price for their property. It is the hope of the town officials that a user can be found who would be interested in the main building and the immediate surrounding land with the town to acquire the remaining land. The Conservation Commission has worked diligently with the Department of Natural Resources and there are strong indications that Federal and State moneys will be available to aid in the land purchase.

## TOWN CENTER

Attention has been directed to the problem of the Town Center for many years. Problems of parking, traffic circulation, and access are intensifying. The continuance or abandonment of the central fire station remains unresolved. The Planning Board has thoroughly re-evaluated the problem and is developing a recommended course of action which will include provision of additional parking, determination of the ultimate location of Center Street and its definition with curbs, the possible acquisition of additional land to provide a means

of developing further parking, and amendments to the zoning by-laws to assure that future development will conform with a total master plan.

During 1970 the town completed acquisition of the 150 foot strip of land adjacent to the Boston Post Road By-Pass, in accordance with authority received at an earlier town meeting.

## SOLID WASTE DISPOSAL

Weston is fortunate in that our present sanitary landfill is functioning well and has capacity remaining sufficient for several additional years. New air pollution control regulations of the Commonwealth will, however, have an impact on total life of the landfill. Beginning July 1, 1971, all open burning of residential refuse including leaves will be precluded. Accordingly, it is anticipated that an additional burden will be imposed on the Church Street facility which will, of necessity, shorten its ultimate life.

Weston has participated for the last four years in a planning program directed toward a long range regional solution to the problem of refuse disposal. While this program has not yet led to an actual demonstration of regional cooperation, we are certain that such an approach makes sense both technically and economically from a long range point of view. At present the Regional Planning Board still favors a system of high density compaction coupled with sanitary landfill. It seems likely that the communities participating on the Board which face an immediate problem may seek the formation of a Regional Refuse Disposal District in the near future.

Since such an operation would be far more costly to Weston than the present landfill, it is our current thinking that we should:

1. Ensure that we can join the regional district when our needs require it;
2. Prolong the life of our landfill as long as possible;
3. Seek some additional professional assistance in assessing our remaining landfill life and future course of action.

## Personnel and Collective Bargaining

### COLLECTIVE BARGAINING

A significant development during 1970 was the decision of the Police Department to organize into a formal bargaining unit. Consequently your Selectmen have been occupied not only with the task of negotiating wages and fringe benefits, but also working out the details of a contract with the Association.

As was the case with the Firefighters' Association in 1966 and 1967, the negotiation of the detailed agreement is proving time consuming. The agreement still under discussion as this is written is an attempt to codify past practices and policies, while at the same time preserving essential flexibility for the Chief in the day-to-day administration of the department.

Your Selectmen are still considering the possibility of recommending to the Town some type of Personnel Board or other professional assistance in Collective Bargaining. As the various town departments organize, we have seen something of a trend toward their use of professional negotiators in addition to their use of lawyers or others as background advisors. The Board of Selectmen has used a labor lawyer as a consultant on contract terms and other matters related to bargaining, but has not yet asked any professional to participate routinely in bargaining sessions. We are trying to weigh the advantages of the better job that might be done by professionals and the time saved by the Selectmen, against both the disadvantages of losing the personal contact with the employees and the cost to the town of greater use of professional help.

## TOWN HALL OFFICES AND ADMINISTRATION

The remodeling of space on the first floor of the Town Hall was substantially completed in 1970. The space formerly known as Lower Town Hall now provides a permanently equipped area in which are located Selectmen's regular meeting room, expanded office space for the Administrative Assistant and clerical personnel and an office for the Executive Secretary of the Board of Selectmen. The remodeled area has already proved extremely useful for meetings of other town boards and committees as well.

Remodeling of the kitchen space has provided a lounge area for Town Hall employees. Some additional furniture and equipment remains to be purchased to complete this phase of remodeling. The office formerly used by the Selectmen and Executive Secretary has been converted to a multiple use room providing municipal and law library facilities, a conference room and a part-time office for Town Counsel.

It has proved possible to hold elections in precinct one without inconvenience to the voters at St. Peter's Episcopal Church instead of in the former Lower Town Hall. The Selectmen wish to acknowledge with appreciation the cooperation of the members, clergy and staff of the Church in making this possible.

Future work to improve further the space allocation and lighting in other parts of the Town Hall offices is contemplated, but must wait in most respects for a solution to the problem of housing the Police Department elsewhere.

The Board of Selectmen requested and the town meeting appropriated funds in 1970 to permit the employment of an Administrative Assistant.

Since July 1970, Mr. Donald P. Hawkes has been acting in this capacity to assist the Executive Secretary and the Board of Selectmen, in carrying out a variety of administrative functions. His selection from more than sixty candidates for the position has proved a happy choice as he promptly and effectively assumed the responsibilities assigned to him as well as those which he has undertaken on his own initiative. Many matters of town business have been completed which could not have been accomplished without such added administrative assistance.

**Note 1.** Accounts indicated by † are continuing appropriations, the balance of which shall be carried forward to the next fiscal year. In cases where a balance is carried forward without this designation, the appropriation has been encumbered for the payment of liabilities incurred in the preceding year.

**Note 2.** The word "Receipts" as used above indicates sources of funds for expenditures which are available and need not be raised by taxation, such as: Surplus and Dog Tax Refund.

The word "Transfers" as used above indicates amounts made available by the Finance Committee from the Reserve Fund for unforeseen and extraordinary expenditures.

## REPORT OF THE FINANCE COMMITTEE

This year for the first time in recent years, the Finance Committee has made a specific recommendation of budgetary guidelines to the Selectmen, School Committee, and Town departments. The positive cooperation of all Town officials in trying to live within the guidelines has been instrumental in keeping the budget increases to a minimum in this critical year. The net result has been that the total operating budget in a year of inflation has increased only \$423,258, compared with \$670,000 in 1970 and \$590,000 in 1969.

Of the total increase 93.3 per cent is due to increases in salaries and wages of personnel. Virtually no additional personnel were added this year. The increase in operating expenses is largely the result of increased costs of fuel and utilities due both to much higher fuel prices, increased telephone and electric rates and added school buildings. This year non-essential capital expenditures have been deferred; no major improvements in services have been provided; and personnel additions have been held off. With such economies in effect there is still an increase of 4.9% in budgeted expenditures. The Town will have to give serious consideration to possible reduction of services in the future, if the voters seriously want to prevent real estate taxes from doubling every five years.

The report of the capital budget subcommittee has been distributed previously. The purpose of that report is to provide a schedule of the total capital needs of the Town as a frame of reference within which the voter may consider each project as it is presented for action at a town meeting. Based on 1970 assessed property valuations, each capital expenditure of \$1,000,000, financed by a 20-year bond issue, will add about one dollar to the tax rate annually.

The Finance Committee will continue to scrutinize existing and proposed services and expenditures in depth to provide for the changing needs of the Town at an appropriate total cost. As shown on the accompanying table, personnel costs are the major portion of expenditures.

Total Trust Funds December 31, 1970	<u>\$335,775.88</u>	<u>\$298,244.44</u>

Our bank stock investments show an average increase of 27% over cost. Our bond portfolio, which had a market value at the end of last year of \$210,900, has increased to \$234,500 as of December 31, 1970.

These are your funds, and Weston is your home. The money was largely left to Weston by people who perhaps cared for it and loved the town as much as you. We hope you will consider bequests to the town which is your home.
